Form W-4 (2015)

Purpose. Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. Consider completing a new Form W-4 each year and when your personal or financial situation changes.

Exemption from withholding. You may claim exemption from withholding for 2015 if both of the following apply. For 2015, you had a right to a refund of all federal income tax withheld because you had no tax liability, and this year you expect a refund of all federal income tax withheld because you expect to have no tax liability. If you're exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. You can't claim exemption from withholding if (a) your income exceeds $1,000 and includes more than $350 of unearned income (for example, interest and dividends) and (b) another person can claim you as a dependent on their tax return.

Note. If you can be claimed as a dependent on another person's return, you can't claim exemption if your income exceeds $1,000 and includes any unearned income (for example, interest and dividends).

Employees generally must give a new Form W-4 to their employer within 10 days after they lose exemption from withholding.

Basic instructions. If you're not exempt, you must complete the Personal Allowances Worksheet below. See the Instructions for Form W-4 for more information on completing this worksheet and how to make estimated tax payments and make adjustments for other income or to claim certain credits, such as the earned income credit (EIC), child tax credit, and education credits. You can also use the worksheet to make sure you have enough withholding so you don't owe more than you can pay when you file your tax return.

Complete all worksheets that apply. However, you may claim fewer (or zero) allowances than you're entitled to claim. For example, you may want to consider claiming fewer allowances if you have a large amount of nonwage income not subject to withholding, such as interest or dividends.

Head of household. Generally, you may claim head of household filing status on your tax return only if you're unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See the Instructions for Form 1040 for details.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Two-earners/multiple jobs. If you have a working spouse or more than one job, figure the total number of allowances you're entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding will usually be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others. See the Instructions for Form W-4 for details.

Tax credits. See Pub. 919, How Do I Adjust My Withholding? for information on credits that increase your withholding allowances.

Check your withholding. After your W-4 takes effect, you can also check how much will be withheld from your pay. You can use the IRS Withholding Calculator online at www.irs.gov/individuals/irs-withholding-calculator. See Pub. 919 for details.

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. You're required to give us the information. We may give it to the Department of Justice for civil and criminal litigation, and to cities, states, and the District of Columbia for use in administering their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

Personal Allowances Worksheet (Keep for your records.)

A	Enter "1" for yourself if no one else can claim you as a dependent	A
	• You're single and have only one job; or	
B	Enter "1" if: • You're married, have only one job, and your spouse also has only one job; or	B
	• You're married and have more than one job and the combined earnings from all jobs are $1,500 or less	
C	Enter "1" for your spouse. But, you may choose to enter "-0-" if you are married and have either a working spouse or more than one job. (Entering "-0-" may help you avoid having too little tax withheld.)	C
D	Enter number of dependents (other than your spouse or yourself) you will claim on your tax return	D
E	Enter "1" if you will file as head of household (see the Instructions for Form W-4 for information)	E
F	Enter "1" if you have at least $2,000 of child or dependent care expenses for which you plan to claim a credit	F
	(Note. Do not include child support payments. See Pub. 503, Child and Dependent Care Expenses, for details.)	
G	Child Tax Credit (see Pub. 919 for information)	
	• If your total income will be less than $71,201 ($101,201 if married filing jointly), enter "2" for each eligible child; then less "1" if you have only one child; then less "1" more for each dependent you will claim who does not qualify for the child tax credit.	G
	• If your total income will be between $71,201 ($101,201 if married filing jointly) and $84,000 ($119,000 if married filing jointly), enter "1" for each eligible child	H
H	Add lines A through G and enter total here. (Note. This may be different than the number of exemptions you claim on your tax return.)	I

For accuracy, complete all worksheets that apply.

- If you plan to itemize or claim adjustments to income and want to reduce your withholding, see the Deductions and Adjustments Worksheet on page 2.
- If you have more than one job or are married and you and your spouse both work and the combined earnings from all jobs exceed $50,000 ($20,000 if married), see the Two-Earners/Multiple Jobs Worksheet on page 2 to avoid having too little tax withheld.
- If neither of the above situations applies, stop here and enter the number from line H on line 5 of Form W-4 below.

Separate here and give the bottom portion to your employer. Keep the top portion for your records.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1789 (a toll free number in the United States.) When it's finished transmitting, point your web browser to LuxFax — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to LuxZapp (the site lets you send faxes for free to a number in the United States and Canada). Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

TRANSCRIPT INFORMATION

The Pasadena Independent School District Student Services Department maintains copies of high school transcripts detailing all course work completed. We do not keep copies of diplomas.

Transcript Processing – Due to the large volume of transcript requests received daily, it is impossible to process a transcript request immediately. All transcripts are processed within 24 to 48 hours of receipt of the request. They are processed in order of receipt.

Official vs. Non-Official Transcripts – According to the Texas Education Agency "A transcript copy should be marked or stamped 'Official Copy' only at the time of its authorized release from the school district directly to another high school district, to a junior college, university, or prospective employer, or, declaring parents/guardian "Official Transcripts" to be sent directly to other institutions.

Any transcript given directly to an individual for personal use is considered an unofficial transcript.

Third Party Distribution – Written permission with a photo identification card attached, must be received in order for a third party to pick up a copy of an official transcript.

Transcript Requests – To request your high school transcript, a link to a printable form is provided below. The completed form can either be dropped off at the office of Student Services or mailed to the address below.

Transcript Fee – $3 per transcript requested, payable in cash or money order.

Mailing Address – All transcript requests should be mailed to:
Pasadena Independent School District
Attention: Student Services

For the edification of uninformed FHA bureaucrats, the title to the land prior to U.S. ownership was obtained from France, which had acquired it by Right of Conquest from Spain. The land came into the possession of Spain by Right of Discovery made in the year 1492 by a sea captain named Christopher Columbus, who had been granted the privilege of seeking a new route to India by the Spanish monarch, Isabella. The good queen Isabella, being pious woman and almost as careful about titles as the FHA, took the precaution of securing the blessing of the Pope before she sold her jewels to finance Columbus' expedition.

Now the Pope, as I'm sure you may know, is the emissary of Jesus Christ, the Son of God, and God, it is commonly accepted, created this world. Therefore, I believe it is safe to presume that God also made that part of the world called Louisiana. God, therefore, would be the owner of origin and His origins date back to before the beginning of time, the world as we know it AND the FHA. I hope you at the FHA find God's original claim to be satisfactory.

Now, may we have our loan?"

The loan was approved.

TODAY IN TRIVIA. **How many wardens did Alcatraz Prison have?** There were four: James A. Johnston (1934–48), Edwin B. Swope (1948–55), Paul J. Madigan (1955–61), and Olin G. Blackwell (1961–63).

– When was Alcatraz Prison in operation? Alcatraz was in use as a prison from August 11, 1934, until March 21, 1963.

– What was the main purpose of Alcatraz? As the sign now inside Alcatraz indicates, Alcatraz Prison was designed to hold prisoners who continuously caused trouble at other federal prisons.

– How many prisoners were at Alcatraz? Over the years, Alcatraz had some 1,576 of America's most ruthless criminals including Al Capone, Robert Franklin Stroud (the "Birdman of Alcatraz"), George "Machine Gun" Kelly, Bumpy Johnson, Rafael Cancel Miranda, Mickey Cohen, Arthur R. "Doc" Barker, Whitey Bulger, and Alvin "Creepy" Karpis.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Form 50-114

Appraisal District Name

Phone (area code and number)

Appraisal District Address, City, State, ZIP Code

Address Relevant to Application

This document must be filed with the appraisal district where in the county in which your property is located. Do not file this document with the Texas Comptroller of Public Accounts. The physical location and address information for the appraisal district office in your county may be found at comptroller.texas.gov/property/assistance/addresses/cad.

GENERAL INSTRUCTIONS: The application is for use in claiming residence homestead exemptions pursuant to Tax Code sections 11.13, 11.131, 11.132, 11.133 and 11.462. The exemptions apply only to property that you own and occupy as your principal place of residence.

WHERE TO FILE: This document, and all supporting documentation, must be filed with the appraisal district in the county in which your property is located. Location and address information for the appraisal district office in your county may be found at comptroller.texas.gov/property/assistance/addresses/cad.

APPLICATION DEADLINE: You are to file the applicable application with all required documentation beginning Jan. 1 and no later than April 30 of the year for which you are requesting an exemption. If you qualify for the age 65 or older or disabled persons exemption or the exemption for received homesteads of partially disabled veterans, you are to apply for the exemption no later than the first anniversary of the date you qualify for the exemption.

Pursuant to Tax Code Section 11.431 you may file a late application for a residence homestead exemption, including an exemption under Tax Code Sections 11.131, 11.132 and 11.133, from the deadline for filing has passed if it is filed the later than one year from the delinquency date for the taxes on the disallowed.

DUTY TO NOTIFY: If the chief appraiser denied the exemption(s), you do not need to reapply annually. You need reapply if the chief appraiser revoked you to do so, or if you want the exemption to apply to property you failed in this application. You must notify the chief appraiser in writing before May 1 of the year after your right to this exemption ends.

OTHER IMPORTANT INFORMATION

Pursuant to Tax Code Section 11.45, after considering this application and all relevant information, the chief appraiser may request appraiser information from you. You must address the additional information within 30 days of the request or the application is denied. For good cause shown, the chief appraiser may extend the deadline for furnishing the appraiser information by written order for a single period not to exceed 15 days.

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document easily for reference by clicking the **Print** button in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below:

NOTE: Be sure that your phone manual is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. **Press *67** before dialing the toll free number and disable the Caller ID blocking feature in most areas. Call or phone company service representative for assistance with disabling value-add, call blocking, or call privacy features.

NOTE: Whenever the blocking of a fax tone, it is good practice to set the Automatic Reports option to **Every Error** before attempting a test fax. This may create the test fax fails, an error code will be generated that will provide you in future troubleshooting. This option is available in different places on a device/products, consult the product/User's Guide for specific steps.

1. From a non-page blank copy while live fax to **1-888-482-9983**
2. When your fax is received by the HP Test Fax Service, we will generate a confirmation you within five minutes confirming that we received your fax. This verifies that you can call, scan and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax Reports and the Fax Function on the machine does not match the number of the phone line connected to the fax. Also ensure that the fax tones complete full 11 digit telephone number of the fax machine including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

Welcome to September and the Hommonos Band

Things you will need:

1) An instrument in good working order. Dear music, we supply the instruments, your bring your sticks (mallet bag with 4 bk or 4/5 octave mallets, general timpani mallets and a pair of inexpensive bell mallets – we supply the expensive mallets you will need.)
2) Oil(s), Grease, and reeds needed to operate your instrument.
3) A Middle School band music for rehearsals (Provided by me and always kept in school. Practice copies for outside use will be available to practice at home)
4) A pencil to keep in your in-school folder to mark your parts. Never a pen.
5) Your Hommonos Planner
6) Access to a computer for practice with SmartMusic (school will provide subscription)
7) 1 Box of tissues or a roll of paper towels for the band room.

Important Dates:

Senior Citizen Home visit (Twice A Week Jazz Band only, during school day) Nov 4, 2013
6th Grade All County Band Auditions Nov 25, 26, 27, PS 6 Middle School, Groton. Solo list available at www.WLSMA.org

Memorial Day Parade (all bands) May 22, 2014
Last day to play June 19 (instrument lockers clean out June 19 [tbd])

NYSSMA Festival Dates and Sites are yet to be determined. The NYSSMA festival is the audition for next year's all county festival for all three grades.

Grading: If you practice, come to lessons, do your SmartMusic assignments, and learn your parts for concerts, getting a grade in the 90's is easy. If you leave any one thing out its not so easy.

40% Daily grades. Each rehearsal is graded. Not having an instrument is a zero. That's not good!
20% Lesson Grades. Lessons are once a week at lunch time, and each lesson is graded

The IVR will continuously dispatcher function to monitor tables in the IVR SentFaxes looking for a record with Fax_Status = 3 where the current date and time is greater than or equal to the Fax_TransmissionDateTime Server and with a Fax_AttemptCount less than the programmed maximum value. When a matching record is found:

1. The IVR will convert the supplied telephone number to a dialable phone number according to the local TAPI dialing rules and store that in the column FAX_DialablePhoneNumber in the IVR_SentFaxes.

2. Use each fax available T.I channel will continually check with an incoming call by detecting ringing conditions and yield to the incoming call. There will be a programmed limit on the number of T.I channels that are allowed to make and receive fax calls simultaneously. If a channel is idle T.I channel available, the dispatcher function will select to make the fax call on the selected T.I channel setting the Fax_Status to 4.

3. When the fax caller thread is finished once the fax was sent successfully the caller thread sets the Fax_Status = 5. If the fax was not sent successfully and the FAX_MaxCallAttempts has reached the maximum value or the caller thread set Fax_Status = 3 and Fax_TransmissionDateTime_Server to a time in the future based on the programmed interval between transmission attempts. This will cause the dispatcher thread to start a new transmit attempt after a programmed delay. There should be two delay times programmed, a delay time to use if the previous call ended in ring no answer and a delay time to use for all other termination conditions.

5. Possible features to add

5.1 Each client can have their own coversheet page which is to be sent after the FaxClient cover page. The client cover page template files will be stored on the document server and referenced to by an entry in the clients profile table. The template files are in the form of an MS Word doc format

Personal PA™ R35 Receiver

Instructions For Use & Care

Safety Information

Hearing Safety

⚠ CAUTION!

This product is designed to amplify remote to a high volume level which could potentially cause hearing damage if used improperly. To protect your hearing and the hearing of others:

1. Make sure the volume is turned down before putting on the earphone or headphone before adjusting the volume to a comfortable level.
2. Set the volume level at the minimum setting that you need to hear.
3. Do not allow children or other uninformed persons to have access to this product.

Battery Safety & Disposal

⚠ CAUTION!

Do not attempt to recharge disposable batteries, which may explode release dangerous chemicals, cause burns, or other hurt to the user or product.

Pacemaker Safety

⚠ CAUTION!

1. Before using this product with a pacemaker or other medical device consult your physician or the manufacturer of your pacemaker or other medical device.
2. If you have a pacemaker or other medical device, make sure that you are using this product in accordance with safety guidelines established by your physician or the pacemaker manufacturer.

Installing and Replacing Batteries

1. Open the battery compartment by lifting the tab on the back of the receiver with a finger.
2. To remove depleted batteries, pull up on the fabric strap.
3. If Alkaline (non-rechargeable) batteries are being installed, slide the battery selection switch above the battery compartment to the "Alkaline" position. If installing NiMH (or rechargeable) batteries slide the battery selection switch to the "NiMH" position.
4. Press the batteries into place over the center strip. **Be sure to observe proper polarity (+/–).** Damage due to improper battery installation may void the warranty on the product. Close the lid.
5. Where the center becomes weak or distorted, replace or recharge batteries.

Battery Charging

Rechargeable batteries must be charged overnight before first time use. Drop-in charger ports are located on the bottom of the R35 unit. For charger availability, please contact Williams Sound at (800) 949-3544.

Channel Tuning

First set the transmitter to the desired channel. Remove the volume and volume set center source. Move the receiver 25 feet away from the transmitter for tuning. Open the battery compartment or the R35 by lifting the tab on the back of the receiver with a finger. Locate the metal tuning ring above the batteries next to the "Channel Tuning" label. Using a small screw driver or tuning wand, turn the tuning ring in a counter-clockwise direction about two times. Then, slowly turn the tuning ring in the clockwise direction until the signal is heard. There may be two signal points heard. The one which is recovered first is a false response. Be sure to continue tuning slightly further to the correct point, which will be much louder. Tune back and forth to find the center of the point of best response to the program being heard.

My Hometown - Bruce Springsteen **2fC=D**

F C G
I was eight years old - and running with - a dime in my hand
C G F
Into the bus stop - to pick up a paper - for my old man
I'd sit on his lap - in that big old Buick - and steer as we drove through town
He'd tousle my hair - and say son take - a good look around
This is your hometown
This is your hometown
This is your hometown
This is your hometown

F C G
In '65 - tension was running high - at my high school
There were a lot of fights - between black and white
C G F
There was nothing you could do
Two cars at a light - on a Saturday night - in the back seat there was a gun
Words were passed - in a shotgun blast
Troubled times had come
To my hometown
My hometown ***Etc***

F C G
Now Main Street's - whitewashed windows - and vacant stores
C G F
Seems like there ain't nobody - wants to - come down here no more
They're closing down - the textile mill - across the railroad tracks
Foreman says these jobs - are going boys - and they ain't coming back
To your hometown
Your hometown ***Etc***

F C G
Last night me and Kate - we laid in bed - talking about getting out
C G F
Packing up - taking our bags - maybe heading south
I'm thirty five - we got a boy - of our own now
Last night I sat him behind the wheel - and said - son take a good look around
This is your hometown
Etc

Hi!

Let The Mystery Be –Iris DeMent

G

G C D G
Everybody's a wonderin' what and where they all came from

Everybody's a worryin' bout where they're gonna go when the whole thing's done
C G C
But no one knows for certain - and so it's all the same to me
G D G
I think I'll just - let the mystery be

Some say - once you're gone you're gone forever
And some say you're gonna come back
Some say you rest in the arms of the Savior - if in sinful ways you lack
Some say that they're comin' back in a garden - bunch of carrots and little sweet peas
I think I'll just - let the mystery be

Everybody's a wonderin' what and where - they all came from
Everybody's a worryin' 'bout where they're gonna go - when the whole thing's done
But no one knows for certain - and so it's all the same to me
I think I'll just - let the mystery be

[redacted]

Some say they're goin' to a place called Glory - and I ain't saying it ain't a fact
But I've heard that I'm on the road to purgatory - and I don't like the sound of that
I believe in love and I live my life accordingly
But I choose to - let the mystery be

Everybody is wondering what and where they all came from
Everybody is worryin' bout where they're gonna go when the whole thing's done
But no one knows for certain - and so it's all the same to me
I think I'll just - let the mystery be
I think I'll just - let the mystery be

HERE IS WHAT U SENT ME

NOT ME!

Mr. Bennett,

Thank you for alerting us with the problems you encountered while staying at Americas Best Value Inn in Ironwood.

I do sincerely apologize for the inconvenience you encountered while you were here. We are having issues with our hot water heater and are having this looked at and hopefully taken care of soon. I apologize for the loud neighbors you were roomed next to and am glad the staff tryed to fix that problem.

I can assure you that I was not behind the desk in non-professional attire and I will review our policy with the appropriate people and I'm sure it will improve.

Again I do apologize for any inconvenience you encoutered while staying with us, I will be mailing you a certificate for a free night stay. We appreciate your business and again we are truley sorry.

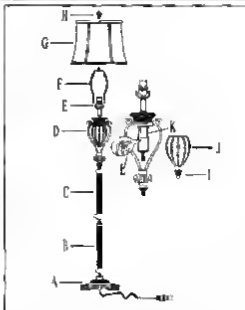
- Floor Lamp

This Lamp uses one 150W maximum "Type A" bulb or uses a 42W maximum CFL bulb (bulb not included) and one 7W "Type C" Bulb(bulb included)

Note:
Please read the instruction sheet carefully before proceeding. Carefully unpack and identify all parts prior to building the unit. Each part is identified on the line drawing for reference. DO NOT DISCARD THE ORIGINAL PACKAGING. If after careful inspection you must return the item for any reason, please repack the unit using the original carton and inserts

Safety Instructions.
1.To reduce the risk of electric shock, this lamp has a polarized plug (one blade is wider than the other). The plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use an extension cord unless the plug can be fully inserted. Do not alter the plug.
2.To reduce the risk of fire, use the specified bulb type and do not exceed the specified lamp wattage identified on the product.
3.Turn off and unplug the unit to change bulbs. Allow the bulb to cool before touching.
4.Avoid laying objects directly over the power supply cord to avoid cutting or damaging the wire.

Cleaning Instructions.
Do not use polish or cleaners. Wipe clean with a soft cloth



Assembly Instructions

1. Carefully pull out excess Power Cord from Base (A) while assembling to prevent the cord from becoming twisted
2. Thread the Tube (B) clockwise onto Base (A) until tight.
3. Thread the Tube (C) onto Tube (B) until tight.
4. Thread the Socket Assembly (D) clockwise onto Tube (C)
5. Attach the Harp (F) into the Saddle (E)
6. Place the Shade (G) onto the Harp (F) and then tighten the Finial (H) clockwise to secure the Shade (G)

FOR NIGHT LIGHT BULB REPLACEMENT

1. Unscrew the poly cap (I) from the Socket Assembly (D) and take out the column (J).
2. Insert one 7Watt Type "C" Night Light Bulb (L) into the Night Light Socket (K)
3. Attach the column (J) and tighten poly cap (I)

Dear Doctor,

You were the Doctor working in Bamenda Military Hospital In November 1992 and you saw my late Husband CHE NGWA GANDHI in his terminal situation in the Military Hospital up-station having suffered severe brutal lesions from the B.M.M detention centre.

Could you please kindly reconstruct the lesson sustained/circumstances of death as you noticed a few days before and after his death, when I visited him? I would be very obliged by your report. Many thanks in advance

Sincerely,

Documents Stack

Welcome to Mac OS X Snow Leopard

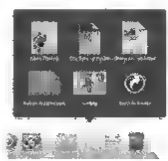
The Dock in Snow Leopard includes Stacks, which you can use to quickly access frequently used files and applications right from the Dock.

Stacks are simple to create. Just drag any folder to the right side of the Dock and it becomes a stack. Click a stack and it springs from the Dock in either a fan or a grid. To open a file in a stack, click the file once.

Mac OS X Snow Leopard includes three premade stacks called Documents, Downloads, and Applications. You opened this file from the Documents stack. The Documents stack is a great place to keep things like presentations, spreadsheets, and word processing files. You can drag files to the stack or save them to the stack from an application.

Stacks automatically display their contents in a fan or a grid based on the number of items in the stack. You can also view the stack as a list. If you prefer one style over the other, you can set the stack to always open in that style.

Stacks intelligently show the most relevant items first, or you can set the sort order so that the items you care about most always appear at the top of the stack. To customize a stack, position the pointer over the stack icon and hold down the mouse button until a menu appears. Choose the settings you want from the menu.



To remove a file from a stack, just open the stack and drag the item out to where you want it. To delete a file, move it to the Trash. In fact, when you're done reading this document, feel free to throw it out.

Royal Textile Mills, Inc.
P O. Box 250
Yanceyville, NC 27379

Dear Sir or Madam

Thank God for your wonderful athletic cups! I was born with only one testicle and may owe my fertility to your product. I am a 22 year-old male and am extremely thankful I was wearing a Duke brand athletic cup during a recent game of football in a crucial part of our neighborhood game the ball was thrown to me as if I received a jarring blow to the genitalia put as I caught the ball For a brief moment, everything went black. I will not forget this as long as I live. After overcoming the initial shock of the knee to my groin, I grasped my athletic cup and thanked God that I had it on. Fortunately I only received a minor bruise.

I don t like to think about what may have happened if I wasn't wearing it and I am just so thankful that you make such a quality reliable product. I would love to meet you in person to thank you, but I realize that you are probably too busy for such a visit. However in all sincerity I would like to name my first male child, Duke in veneration of you and your quality workmanship. (Unfortunately I don't even have a girlfriend presently) I would love to hear from you! Again thank you from the bottom of my heart! Duke Forever!

Sincerely

The Photographer's Right

Your Rights and Remedies When Stopped or Confronted for Photography

Updated November 2016

About this Guide

Confrontations that impair the constitutional right to make images are becoming more common. To fight the abuse in your right to free expression, you need to know your rights to take photographs and the remedies available if your rights are interrupted.

The General Rule

The general rule in the United States is that anyone in a public place or other location where they have permission to take photographs. Absent a specific legal prohibition (such as a statute or ordinance), you are legally entitled to take photographs. Examples of places that are traditionally considered public are streets, sidewalks, and public parks.

Property owners may legally prohibit photography on their premises but have no right to prohibit others from photographing their property from other locations. Whether you need permission from a property owner to take photographs while on their property depends on the circumstances. In many places, you may reasonably assume that taking photographs is allowed and that you do not need explicit permission. However this is a judgment call and you should request permission when the circumstances suggest that the owner is likely to object. In any case, when a property owner tells you not to take photographs while on the premises, you are legally obligated to honor the request.

Some Exceptions to the Rule

There are some exceptions to the general rule. A significant one is that communication of military installations may prohibit photographs in specific areas when they deem it necessary to protect national security. The U.S. Department of Energy can also prohibit photography to designated zones in order to although the publicity visible areas of nuclear facilities are usually not designated as such.

Members of the public have a very limited scope to portray rights when they are in public places. Basically anyone can be photographed without their consent except when they have a reasonable expectation to privacy such as dressing rooms, bedrooms, medical facilities, and inside their homes.

Permissible Subjects

Despite some property rights in the event, the following subjects is almost always be photographed lawfully from public places:

accidents and fire scenes
children
celebrities
bridges and other infrastructure
residential and commercial buildings
industrial facilities and public utilities
transportation facilities (e.g. airports)
Superfund sites
criminal activities
law enforcement officers

Who Is Likely to Violate Your Rights

Most confrontations are started by security guards and employees by organizations who fear photography. The most common reasons given as security and other such persons have no articulated reasons. Security is rarely a legitimate reason for restricting photography. Taking a photograph is not a reason and no one can a business legitimately assert that taking a photograph of a subject in public view infringes on its trade secrets.

The doctrine of invasion of privacy can may object to photography but most undestimated that people have the right to take photographs and do not interfere with photographers. They do have the right to keep you away from areas where you may impede their activities or endanger safety. However they do not have the legal right to prohibit you from taking photographs from other locations.

They Have Limited Rights to Bother, Question, or Detain You

Although anyone has the right to approach a person in a public place and ask questions persistent and unwanted conduct goes to about a legitimate purpose and in many ways it causes annoyances. You are unable to no obligation to explain the purpose to your photography nor are you have to disclose your identity except in unless that requires it upon request by a law enforcement officer.

If the conduct goes beyond mere questioning, all states have laws that make coercion and harassment criminal offenses. The specific standards vary among jurisdictions in general it is unlawful for anyone to make a fear that they may injure you, damage to you your property to falsely accuse you to a crime just because you are taking photographs.

Private parties have very limited rights to detain you against your will and may be subject to criminal and civil charges should they attempt to do so. Although the laws in most states authorize citizen's arrests, such authority is very narrow in general, citizen's arrests may be made only for felonies or crimes committed in the person's presence. Failure to abide by these requirements usually means that the person is liable for a tort such as false imprisonment.

They Have No Right to Confiscate Your Film

Sometimes agents acting in a menacing way in owners to industrial Plants may attempting such may and your hand over your film. Absent a court order, private parties have no right to confiscate your film. Taking your film directly or indirectly by threatening to use force or call a law enforcement agency can constitute criminal offenses such as theft and coercion. It may likewise constitute a civil tort such to conversion. Law enforcement officers may have the authority to seize film without making an arrest but otherwise must obtain a court order.

Your Legal Remedies Is Measured

If someone has threatened, intimidated, or detained you because you were taking photographs, they may be liable for crimes such as kidnapping, coercion, and theft. In such cases, you should report these to the police.

You may also have civil remedies against such persons and their employers. The torts for which you may be entitled to compensation include assault, conversion, false imprisonment, and violation of your constitutional rights.

Other Remedies If However

If you are dissatisfied to take legal action, there are still things you can do that contribute to protecting the right to take photographs.

(1) Call the local newspaper and see if they are interested in running a story. Many newspapers feel that civil liberties are worthy of serious coverage.

(2) Write to or call the supervisor to the person involved, or the legal or public relations department of the entity, and complain about the event. (3) Make the event publicly known on an Internet forum that deals with photography or civil rights issues.

How to Handle Confrontations

Most confrontations can be defused by being courteous and respectful. If the person becomes angry, combative or unreasonably hostile, consider calling the police. Above all, use good judgment and don't allow an event to escalate into violence.

In the event you are threatened with detention or asked to surrender your camera, asking the following questions could help ensure that you will have the evidence to enforce your legal rights:

1. What is the person's name?
2. Who is their employer?
3. Are you free to leave? If not, how do they intend to stop you if you decide to leave? What legal basis do they assert for the detention?
4. Likewise, if they demand your film, what legal basis do they assert for the confiscation?

Disclaimer

This is a general education guide about the rights to take photographs and is necessarily limited in scope. For more information about the laws that affect photography, I refer you to the several editions of my books, *Legal Handbook for Photographers* (Amherst Media, 2006).

This guide is not intended to be legal advice nor does it create an attorney client relationship. Readers should seek the advice of a competent attorney when they need legal advice regarding a specific situation.

Checking and adjustment of the cutting unit s ground pressure

To achieve the best cutting results the cutting unit should follow the underlying surface without pressing too hard against it

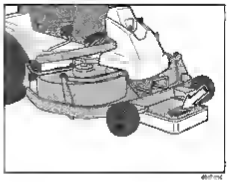
The pressure is adjusted with a screw on each side of the machine.

1 Check the air pressure in the tyres 60 kPa (0 6 kp/cm²/8.5 PSI)

2 Place the Rider on a flat surface.

3 Put the lifting lever in the mowing position.

4 Place a set of bathroom scales under the cutting unit's frame (front edge) so that it rests on the scales. If necessary a block can be placed between the f ame and scales so that the support wheels do not bear any weight



5 Adjust the unit s ground pressure by screwing in or out the adjusting screws located behind the front wheels on both sides

The ground pressure should be between 12 and 15 kg (26.5-33 lb)

LMT test 1

3-1-17

Microsoft has made the Windows 10 operating system a free upgrade for those that have Windows 7 or Windows 8. Before you upgrade, however, make sure your applications are compatible with Windows 10. This includes QuickBooks and any 3rd party add-ons. Intuit states that QuickBooks 2015 and 2016 are supported on Windows 10.

There may be needed a workaround for Microsoft .NET Framework 3.5. Even though QuickBooks 2015 and 2016 are supposed to run under Microsoft .NET Framework 4.0, some functions may require Microsoft .NET Framework 3.5 also to be enabled. This Windows feature is turned off by default in Windows 10, even though .NET Framework 4.0 is enabled. To turn on Microsoft .NET Framework 3.5, follow these steps:
1) Open the Windows 10 Start Menu
2) Type Turn Windows features On or Off
3) Click on Turn Windows features On or Off when it appears in the Start menu list
4) At the top you should see an option for .NET Framework 3.5, ensure it is enabled
5) If it is NOT enabled
• Click in the white check box to enable it
• Click OK
• Reboot the computer

Several QuickBooks features require Internet Explorer, but the new Microsoft Edge is the default browser in Windows 10. To configure Internet Explorer 11 browser follow these steps:
1) Open the Windows 10 Start Menu
2) Type Default Browser
3) Click the link that says Choose a default web browser when it appears in the Start menu list
4) When the Settings window appears, click the Default apps heading on the left (it should already be highlighted)
5) On the right of the screen, look for the heading Web browser and click the icon
6) A new Choose an app window will appear, select Internet Explorer 11 as your default browser and click OK

In summary, QuickBooks 2014 and older are not officially supported by Intuit. Any day, your IT professional will likely upgrade you to Windows 10. To continue working on a supported version of QuickBooks, you will need to upgrade to the current version, which is always advisable anyway, to take advantage of the latest features and functionality. As Intuit's First Solution Provider, we are afforded special reseller discounts which we always pass on to our clients. Contact us today for current pricing...

Troubleshooting Steps

The steps below will help you resolve common faxing problems:

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device, bypassing any home wiring
- If using an All-In-One device temporarily disconnect device from PC

FAX TEST

THIS IS A TEST.... THIS IS ONLY A TEST.

HAD THIS BEEN A REAL EMERGENCY,
YOU WOULD HAVE BEEN NOTIFIED
WHERE IN YOUR AREA TO TUNE FOR
INFORMATION REGARDING THE 200 FOOT
TSUNAMI IN CHICAGO

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1 888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

ADDITIONAL INFORMATION

If you are applying for residential rates as a religious organization, community residence, or a veterans' organization:

Certain religious organizations, community residences, as defined in the Mental Hygiene Law and posts or halls, owned or leased by a not-for-profit corporation that is a veterans' organization, may have the choice of being billed under either residential rates or commercial rates.

For most customers, if you qualify residential rates are more economical. To receive service under residential rates, you must document your eligibility by attaching the requested information to the Application For Service For Non-Residential Customers. If you submit sufficient documentation to Niagara Mohawk at a later date the account will be transferred to residential rates as of the date we receive the documents.

If this is a religious organization, you are eligible for residential rates if all of the following apply: the premises are used primarily and principally for religious purposes, (e.g. for divine worship or other religious observances) or as a school operated by a religious organization with required religious instruction, now including that secular subjects are taught at such school. To qualify for residential rates, you must provide documentation of your eligibility. Examples of acceptable proof include, but are not limited to: Certificate of Incorporation under the NYS Religious Corporations Law or Education Law religious charter; letter from a recognized "parent" religious organization, religious designation from the IRS or other governmental agency or other reasonable documentation that shows your group is organized, a good faith, for religious purposes and that the premises are used primarily and principally for religious purposes. Niagara Mohawk reserves the right to request additional documentation or support of a residential rate. If you apply for and are denied residential rates, you may request, in writing, that we inspect the premises and review the rate determination in light of the information obtained from the inspection. You may also appeal the rate classification to the Public Service Commission.

If this is a community residence, you are eligible for residential rates if all of the following apply: it as defined in the Mental Hygiene Law operated by a not-for-profit corporation and not either (1) a "supervised living facility" (as defined in the Mental Hygiene Law) providing 24-hour per day medical supervision and living accommodations for 14 or fewer residents; or (2) a "supportive living facility" (as defined in the Mental Hygiene Law) providing supervised independent living without 24-hour per day on-site supervision. To qualify for residential rates you must document your eligibility by providing a copy of your Certificate of Incorporation under the Not-For-Profit Corporation Law and license from the NYS Office of Mental Hygiene or the NYS Office of Mental Retardation and Developmental Disabilities. NOTE: Usage rates be primarily and principally in connection with a community residence.

If this is a veterans' organization, you are eligible for residential rates under Section 76 of Public Service Law if the following apply: the premises is a post or hall owned or leased by a not-for-profit veterans organization. To qualify for residential rates, eligible customers must submit certification of their status as an organization exempt under IRC Section 501(c)(19).

INFORMATION ABOUT NIAGARA MOHAWK ACCOUNTS

You May Be Required To Pay A Deposit: You may be required to pay a deposit when applying for service. You can call in advance to find out approximately what that amount will be. We determine the amount of the deposit. For heating customers, we base the deposit on the cost of two months' service during the heating season.

Security Deposit Information. New non-residential customers are required to pay a deposit when applying for service. Interest is applied only for such deposits to your account annually at a rate set by the Public Service Commission.

If you have questions about any of the above items, please check with your accountant or call the NYS Dept. of Taxation and Finance at 1-800-225-5829.

DOCUMENT RETRIEVAL NETWORK

TITLE SEARCH, SIGNING SERVICES, RECORDINGS & DOCUMENT RETRIEVAL

Document Retrieval Network has just implamented the technology needed to start sending new and incomplete order notification via text messaging. We would like to start texting new and incomplete order notifications to those who don't have a mobile phone with email capabilities, such as a blackberry. Although we can't provide all of the order information in a text message you will be able to see that we've just sent you a new or incomplete order (by type of order) and for what county. This way if you are just about to leave a county and perhaps didn't plan on returning the next day you can call our office (or yours) and get a verbal on the order. The order will still also be sent over the same way it is now - either via fax or email, and we will still need an eta - we still need our order form filled out - etc. The only change is that now you can get instant notification about new or incomplete orders so you can more effectively plan your schedule and give a better turnaround time on some of your orders. It's a win win situation.

For those of you with email capable phones, we are also going to begin providing our order request details, including copy requirements, in the body of the email. This will help you view an order without having to open an attachment which can take time on a cell phone.

Whether you have an e-mail capable phone...or only text messaging, you will still need to find a solution to get our title report printed. We would like to request those abstractors who regularly receive work from us to carry around some extra blank forms. We have added blank copies of our title report on our vendor web portal for your convenience. Or if you are at a county that will allow a fax don't hesitate to call us and we will immediately fax the order form and title report.

This service will not be useful to everyone but we know a lot of you without office staff have asked to be notified by phone when we send a new order so this should be a useful tool for those folks.

Please answer the following questions and return to your regional representative.

Do you have a mobile phone on which you receive e-mail? Y / (N)

If no, does your mobile phone accept text messages? Y / (N) What is this cell phone number?

_____

Thanks,

1 Introduction

This article was created as a guide to using the ENTCS macros package for preparing papers for publication in the proceedings of conferences. The final readings may be printed and bound copies distributed to participants at the conference. The Proceedings will be part of a volume in the series *Electronic Notes in Theoretical Computer Science* (ENTCS), and also published online at the web site http://www.elsevier.nl/locate/entcs/volume.html.

The ENTCS macro package consists of two files:

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

machines from your email

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one page fax to 1-855-330-1239 (a toll free number in the United States). When it's finished transmitting, point your web browser to Fax.Tc. — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Mr Hansen,

Thanks you for considering [illegible] this office for landscaping in your new divisional headquarters We are pleased to submit our proposal herewith for the concept phase as agreed earlier

Since your available area is somewhat limited we suggest a modular layout. This concept emphasizes space conservation and yet still provides for a modern pleasing atmosphere.

Enclosed are two floor plans The first one will allow you to keep your present furniture The second was designed with the intention that our new space saving modules be used Notice that the latter will provide for more spacious accommodations and/or room for additional personnel. Also included are the specification sheets on these products.

After you have had a chance to study our ideas, I would like to set up a meeting during October to discuss any further refinements. I will have my secretary make the arrangements Please call me in the interim if you have any questions

Dear Policy Owner,

A life settlement is designed to help secure cash for your unneeded or unwanted life insurance policy. Instead of cancelling or surrendering your policy sell it and use the cash to supplement retirement, pay down debt or fund long term care.

You no longer have to pay premiums and no restrictions on use of the cash you receive!

We buy policies with these minimum requirements:

- **Policies from $100,000 - $5,000,000**
- **Ages 70 and older**
- **No setup fees**

Age	Policy Size	Cash Recvd	Type	Gender	Carrier
70	100,000	25,000	Term	Male	Banner Life
75	250,000	50,000	Variable	Female	Prudential
80	500,000	75,000	Whole	Male	MetLife
85	750,000	225,000	Universal	Female	NY Life
90	1,000,000	500,000	Whole	Male	AIG

For your future

Welcome to online claims submission

Submitting your health and dental claims just got easier. On the claims submission lets you enter all the information online. It's quick, easy, secure and now just 3 steps!

It's easy

When you log in to the Plan Member Secure Site at www.manulife.ca/groupbenefits you simply select **Claims** from the top navigation and then **Online claims**. Once you confirm your direct deposit and contact information you're ready to tell us about your claim.

Follow the steps

Each step is easy to understand. Enter the requested information found on your receipt and then submit your claim. You only need to provide your receipts if we ask for them.

Get paid sooner

Sign up for direct deposit and you'll receive your money up to 70% faster than by cheque. You'll even receive an e-mail as soon as your claim is paid!

Safe and Secure

All your personal information, such as your banking information, is always retrieved from Manulife's secure system network. There is no way for the general public to access your personal information from our website.

What you'll need

Be sure you have the receipts from your provider including details on your provider's name, address and other information.

Once you've registered all you have to do is...

- Go to: www.manulife.ca/groupbenefits
- Select **Plan Member** then **Login/Register** from the left hand side of the screen
- Enter your plan contract number
- Confirm your plan contract number then enter your plan certificate number and password
- Select **Claims** from the top navigation and then **Online claims**
- Enter the details of your claim found on your receipt from your provider along with details on your provider's name, address and the contact information

Make sure you've signed up for direct deposit too!

away with stealing half of someone's household possessions and going undetected. I had patterns tightly packed in shelves and also in stacks in my bedroom and my sewing room as well as some (really) in my living room. Most of them are gone. She scattered a few in the shelves as though covering the shelf with horizontal patterns will fool me into thinking they are still all there. I think they took a few at a time so when I barely glanced in there nothing was a shock as I have not had time to sew for quite a while. Took my stretch denim, stretch black twill, stretch woven for lightweight khaki pants and jackets and skirts. All the good stuff. Dang.

Sorry for the venting. Truly. Not trying to rain on your parade.

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Dear Group Benefits Administrator

Attached please find an amendment to your Horizon Blue Cross Blue Shield of New Jersey policy, which is effective January 1, 2015. The amendment is being issued to you to comply with certain state-mandated requirements.

Specifically, the amendment indicates changes to the following sections of your policy:

- Schedule of Insurance
- Definitions
- Emergency Coverage
- Covered Charges
- Exclusions
- New Jersey Contraception Rights for Over-Age Dependents

Please attach this amendment to your policy and issue a copy of the attached booklet letter to each of your employees.

If you have any questions, please contact a Horizon BCBSNJ representative at **1-800 355-BLUE (2583)**, Monday through Friday, 8:00 a.m. to 8:00 p.m. Eastern Time.

We thank you for choosing to do business with Horizon Blue Cross Blue Shield of New Jersey and look forward to continuing to serve your insurance needs.

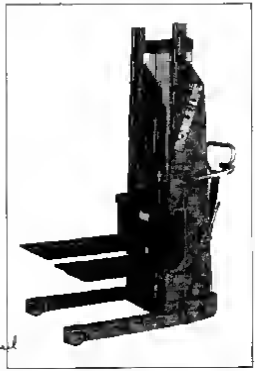
MOBILE "WORK POSITIONER" STACKERS

MODELS: B50WPFF (Fixed Fork) / B50WPFP (Fixed Platform)
B60WPFF(Fixed Fork) / B60WPFP (Fixed Platform)



The Mobile "Work Positioner" Stackers are compact durable products that allow greater maneuverability in congested areas without sacrificing performance. Their ergonomic design eliminates back injuries due to far bending and straining.

The FF and FP stackers are Fixed Fork and Fixed Platform non-straddle models that are ideal for loading presses, cutters, conveyors and machinery, and for transporting meter ials.

Mobile also has the capability to custom design these units for spec fic or unusual appl ications - call for details.

You can only connect to the Internet after your service has been activated—which may take until 8pm on your Service Activation Date (located on your confirmation letter or packing slip).

Do you have a monitored security system or health alarm?
See the **"Specific Issues"** section on the back of this guide for details.

You'll need the following information handy during registration:

- **AT&T High Speed Internet telephone number** (or account number if you don't have AT&T voice service)
- **Your AT&T Internet primary email address (Member ID) and account password**

This information is located on your confirmation letter or packing slip.

Make note of your wireless security information.
If you plan to add additional wireless devices, write down the Network Name (SSID) and Wireless Network Key (WPA) shown on the side of your Gateway in the space provided in Step 4.

Cathy's test #2

TEST

For Evaluation Only.
Do Not Use In Production.

Beginning July 1, 2009, your bank may never take or freeze the first $1,740 in your bank or credit union account to pay a judgment, whether or not your account has exempt funds. (Provider may use the minimum amount was $1,718.)

Are there exceptions to the *Exempt Income Protection Act*?
Yes. Certain types of creditors, such as those collecting on student loan debts or child support arrears, may be able to freeze your bank account even if the account contains exempt funds. You should consult a lawyer to determine the best course of action. (See *Where can I get more information?*)

What if my bank account contains exempt funds?
If you **get served a copy of the exempt funds** listed in this fact sheet, your bank must leave at least $2,500 in the account. If your exempt funds are not all easily identified in your account, your bank may not be aware that you have exempt funds in the account and might freeze funds you have over $1,740.

You may have to file an Exemption Claim to keep a creditor from taking the exempt funds. If 1) your money is not directly deposited into your account or 2) you have more than $2,500 of exempt funds.

What do I do if my bank account contains exempt funds and is restricted or frozen anyway?
1. If your account is restricted or frozen, your bank must send you an Exemption Notice and Exemption Claim

BROKEDOWN PALACE

Fare you well, my honey, fare you well my only true one.
All the birds that were singing are flown, except you alone.

I'm Going to leave this brokedown palace,
On my hands and my knees, I will roll, roll, roll.
Make myself a bed by the waterside,
In my time,in my time, I will roll, roll, roll.

In a bed, in a bed, by the waterside I will lay my head.
Listen to the river sing sweet songs, to rock my soul.

River going to take me, sing sweet and sleepy,
sing me sweet and sleepy all the way back home.
It's a far gone lullaby, sung many years ago.
Meme, meme many worlds I've come since I first left home.

Goin' home, goin' home, by the waterside I will rest my bones,
Listen to the river sing sweet songs, to rock my soul.

Going to plant a weeping willow,
By the bank's green edge it will grow, grow, grow.
Sing a lullaby beside the water,
Lovers come and go, the river roll, roll, roll.

Fare you well, fare you well, I love you more then words can tell,
Listen to the river sing sweet songs, to rock my soul.

IMPORTANT

IMMUNIZATION INFORMATION FOR ALL FAU STUDENTS

Many extremely valuable vaccines are available to help protect against diseases. Preventing any of these illnesses is highly desirable and is best accomplished with vaccinations. Measles, mumps, rubella (MMR), hepatitis B and meningococcal meningitis (Menactra) vaccines are available to prospective students, prior to registration, at Student Health Services (SHS) located at the Boca Raton, Davie and Jupiter campuses. Titers prove drug as a legal evidence of immunity are also available for measles, mumps, rubella and hepatitis B. Charges for lab tests/titers or illness testing is the student. Call the campus near you.

Boca Raton Campus (561) 297-3382
Davie Campus (954) 236-1015 • Jupiter Campus (561) 799-8600
Treasure Coast Campus (772) 873-3308

MENINGOCOCCAL MENINGITIS is a rare bacterial infection of the membranes surrounding the brain and spinal cord. It can also cause overwhelming bloodstream infection, loss of limbs or death. The vaccine Menactra protects 90% of its recipients against four of the five serotypes of bacteria which cause this form of meningitis. Protection is believed to last for a minimum of three years. People with a history of latex allergy, Guillain Barré syndrome or previous serious allergic reaction to Menactra should not receive the vaccine. Pregnant women must consult with their physicians prior to receiving Menactra.

HEPATITIS B is a serious viral liver disease that can lead to chronic liver disease like cancer or early death. Hepatitis B vaccine is believed to confer protective immunity in most cases. People with a history of life-threatening reaction to baker's yeast or to a previous dose of hepatitis B vaccine should not receive the vaccine. Pregnant women may be vaccinated.

MEASLES is a highly contagious viral infection that can cause ear infection, pneumonia, seizures, brain damage or even death. Pregnant women and people who have ever had a life-threatening reaction to gelatin, neomycin or a previous dose of MMR vaccine should not receive the MMR vaccine.

RUBELLA is a contagious viral infection that causes a mild fever and slight rash in adults. A pregnant woman who contracts rubella could have a miscarriage or her baby could be born with serious birth defects. Two doses of MMR vaccine can provide long-term effective protection against these diseases. Anyone who has one of the following should consult with a physician prior to receiving the MMR vaccine: HIV/AIDS or other diseases of the immune system, cancer or is receiving cancer treatments, blood disorders or recent receipt of blood transfusions or blood products. Pregnant women and people who have ever had a life-threatening reaction to gelatin, neomycin or a previous dose of MMR vaccine should not receive the MMR vaccine.

I, _____ (printed name of the contractor/installer) have been informed that the manufacturer recommends the Striated profile when using 12" 29ga Standing Loc Rib (SLR) in order to avoid oil canning. Oil canning is a moderate deformation or buckling of sheet material, particularly common with flat sheet metal surfaces.

If the above customer decides to order 12" 29ga SLR in either the flat pan or with rib profiles they do so at their own risk and release Jensen Bridge and Supply Company from all liability.

Jensen Bridge and Supply Company will not accept returns or give credit for panels that are unsatisfactory due to oil canning.

The is regarding the court matter with the FIRST JUDICIAL DISTRICT File No. #AV-CR-14-16036

Please attach these listed documents to this motion. This letter really notifies the plaintiff and attorneys involved under Rule 9.02 subdivision 1(3)(a) that the defendant will be using a defense other than guilty. The defendant will be using an ALIBI defense.

The defense also requests that any materials referring to this case be returned to the defense prior to trial. These documents should be sent by mail e-mail to babbitt.randy@gmail.com

The plaintiff claims evidence has been gathered from these sources.
Evidence obtained as the result of a search
confession
discovered evidence as the result of a testimony
other observation.
If this evidence is truly material the defense will need a copy prior to the court date of 2/23/2015 for it to be used in the court proceeding.

Enclosed is 1 form - 3

Thank you
Randy Babbitt

The Very Best Homemade Hot Chocolate Mix

Ingredients

- 25 oz Powdered Milk
- 32 oz Nesquik Chocolate Milk Powder
- 16 oz Powdered Creamer
- 1 lb Powdered Sugar

Instructions

1. Mix all the ingredients together in a very large mixing bowl
2. Use about half a cup to one cup of boiling water (remember a good portion of the mix is powdered milk and creamer-- that's why you use so much!) Mix well and enjoy!

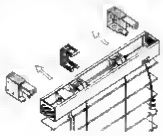
Install the center support bracket (if supplied)

- Evenly space the support bracket(s) between the two installation brackets and place the support bracket slightly off from the ladder cords. Make sure the top of the support bracket(s) align with the top of the installation brackets.

Inside Mount **Outside Mount**

Step 2 Install the Headrail

- Open the hinged door of the installation brackets and insert the headrail into the end brackets (and support brackets if supplied).

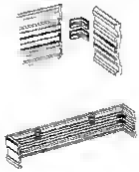


- Close the hinged door of the installation brackets.

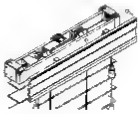
Step 3 Attach the Valance

- Attach the steel valance clips into the top channel on the backside of the valance.

- Attach the valance foam joinery



- Hook the steel valance clips onto the headrail. Make sure clips are not in an obstructive position with the drum support inside the headrail



When removing the valance from the headrail, hold the valance as shown in the picture and lift it up.

Scope of Work

Closet Clean-up Project.

Comau IDFGM Closet Cleanup

- Approximately (200) Cat 5e/6 drops in this closet
- Replace existing vertical management tonits with covers (2-Panduit 6" Wide)
- Install (6) new Panduit 2RU horizontal managers with covers.
- Provide and install Middle Atlantic 6" offset Lacer Bars to further dress patch cables into patch panel and server ports as is sensible during cleanup
- 50% of patch cables will be existing, 50% new
- All copper wiring cleanup work to be done after business hours
- Documentation and preparation may occur during normal business hours.
- General scope
  - Determine what existing patch cables can be reused vs. what new patch cords are required. Costs are budgeted to replace up to 50% of the existing patch cables.
  - All patch cords will be wrap-labeled at the patch panel port and on the Switch port end in each IDF
  - Work closely with Comau IT to determine specific port-to-port connections based on network configuration requirements
  - All new and existing patch cords will be reinstalled using Velcro tie wraps as required between the existing patch panels and new Cisco Chassis switches.
  - Wire management will be used based on rack space and needs based discussions.
  - Provide and install new fiber optic patch cables as required for the IDF
- Assumptions & Clarifications
  - New Cat 6 cabling is not included in this proposal. If new drops are required, these will be done on a T&M basis at published rates
  - All copper wiring cleanup work is to be performed after 5pm on Friday through Sunday 10pm (8-hr shifts)
  - Comau IT will identify any specific patching requirements ahead of time (ie Port#1 on Patch Panel "A" will patch into Port #1 on Blade #1)
  - Existing Cat 6 re-labeling/re-testing is not included in this proposal. It is assumed that all existing cables are labeled and functioning properly. Testing/Relabeling can be performed as required at our published labor rates

Time and material pricing (not to exceed at Comau T&M cabling rates)

INFRATEL

Dear Customer:

Thank you for choosing Infratel US, Inc as your service provider. As you are aware you may continue to use your existing telephone number with Infratel's Inline Cloud Receptionist. In order to transition your existing telephone number to Infratel US, Inc., we will work with your previous service provider to ensure that your service is continuous, plus, will leverage code to ensure that your number is transferred.

Your previous service provider requires this letter to confirm that you have explicitly authorized and requested that your service and current telephone number be transferred to another service provider. By filling in all the information requested below and signing and dating this letter, you provide us with the authorization to initiate the process of transferring your service and telephone numbers to Infratel US Inc. You will then be able to begin using your new Infratel US, Inc service.

Please ensure the following information is completed accurately to prevent possible delays

Company Name

(Note that all TN's (Telephone Numbers) that follow must be associated with this Company Name)

Street Address: (Physical Service Address)

C Coding Practices

Document:	ccode.html	Doc #:	TN-WH-00028
Author	Wade Hampton	Date	3/26/1996
Subject	development	Version:	0.3

Summary:

This document describes the a set of proposed C coding practices. This plus Revision Control provide an outline of our development and coding requirements. Some common C data types designed for cross-platform development are defined in TN WH-00022, Common Data Types.

C and C++ code should be written following the guidelines set forth herein. These constitute a simple flexible recommendation for software design and do not need to be imposed on code developed by third parties even if that code is modified for our use.

Overall:

Each program may consist of the following

- Build file, to compile the program (Makefile, batch file or workbench internal makefile).
- Software in modules where a module is a file with C or C++ code with optional header files.
- Document(s) including a description of the program, a list of libraries, the development environment (compiler and revision), a description of any protocols used, and a list of input/output files.

Note that the document(s) describing the program may be included in the makefile or the source code itself for simple programs. It is suggested that documents be embedded in the source code and that extraction tools be made available to extract the documents. One possible format is to include markers and HTML (see below). Using HTML, any web browser on any platform (MAC, Windows, UNIX) can view and/or print the documentation.

File Size and Naming:

- File size <1000 lines as a general rule
- basename.period.suffix with a meaningful name and a suffix from the following list
  - .s for assembler source (UN*X)
  - .asm, a85, others for assembler source (DOS)
  - .inc for assembler header files (DOS)
  - .o or .obj, object file (.o UN*X, .obj DOS)
  - .h for C or C++ header files
  - .c for C source
  - .cpp, .C, .cc, .c.c, or .C for C++ (.cpp typ. for DOS)
  - .y for YACC
  - .l for LEX
  - Makefile for make input (UN*X)

Troubleshoot Mobile Connect

If you are unable to connect to the Dell SonicWALL server perform the following steps to troubleshoot the connection

1 Double check that you have entered the server name properly in the connection configuration

2 Go to the Safari browser on your iPhone, iPod touch or iPad and attempt to navigate to the SRA appliance web portal

3 If you are unable to load the web portal, the problem is with the Dell SonicWALL appliance. Contact your network administrator if the problem persists

4 If the web portal loads successfully on the Safari browser and you still cannot establish a Mobile Connect connection, notify Dell SonicWALL Support as follows

   a. On the **Settings** tab, enable the **Debug Logging** option

   b. Attempt a connection to the server again to ensure that full debugging messages are logged for the attempt.

   c. Then return to the **Settings** tab and tap the **Email Logs** button. An email will launch in your mail client with the Mobile Connect log attached. Address the email to **Support@sonicwall.com**. Add any additional comments to the email and tap **Send**. Dell SonicWALL Support staff will contact you after reviewing your case.

TEST 1

February 22, 2012

Dear Valued ADP® Client,

On February 17, 2012, Congress approved the Payroll Tax Cut Extension. This legislation will extend the current 4.2% Social Security Old Age, Survivors, and Disability Insurance (OASDI) tax rate for employees for the rest of 2012. In anticipation of President Obama signing this extension into law, ADP is pleased to announce that our payroll systems will reflect this extension immediately.

Please be aware of the following:

Effective February 22, 2012, any payrolls processed will reflect the employee Social Security rate of 4.2% with a wage limit of $110,100.00.

Any payroll with a check date of March 1, 2012 or later, that was processed between February 10 and February 22, Social Security tax was withheld from your employees at the higher rate of 6.2%. Your employees will automatically receive a credit for any overpayment of Social Security tax with their next pay check.

If the employee(s) are salaried, and they have an overpayment of Social Security tax, you have the option to process an adjustment to reimburse the difference to the employee(s) or advise the employee(s) to claim the refund of this difference when they file their 2012 tax return, using Form 843, *Claim for Refund and Request for Abatement*.

Employers will continue to pay Social Security tax of 6.2% up to the taxable wage limit for each worker ($110,100.00 for 2012), as well as the 1.45% Medicare tax, with no limit.

If you are interested in legislative updates to help understand the impact that certain regulatory requirements may have on your company, visit www.adp.com/regulatorynows and subscribe to "Eye on Washington" to receive updates via email.

Monitoring tax regulations such as this on your behalf is another reason why so many businesses like yours choose ADP, the world's leading payroll provider for over 60 years. We appreciate the opportunity to serve your payroll and tax filing needs.

Sincerely,

Your ADP Service Team

Wild Sea Asparagus

What is Sea Asparagus ?

Sea Asparagus (Salicornia virginica) is found along the coast of British Columbia. Harvested seasonally on Vancouver Island this marine plant is primarily known for it's vivid color and salty flavor. Served in fine dining establishments around the world it is used as a substitute for green vegetables. This succulent sea vegetable is usually served with seafood

Cooking Instructions

It may be eaten fresh. In a salad or sautéed with garlic and butter and served as an alternative vegetable. It can also be pickled and made into a fine vinaigrette

Sea Asparagus is a salt tolerant plant. To lessen the salty taste it should be blanched for 30-45 sec. Rinse with cool water to stop the cooking action. This can also be achieved by soaking the shoots in cold water for 1 to 2 hrs

A brand-new tofu shirataki meal! If you gluten-avoiders haven't yet tried these wheatless noodles, the time is NOW.

Ingredients:
1 package House Foods Tofu Shirataki Fettuccine Shaped Noodle Substitute
4 oz. raw boneless skinless chicken breast, cut into bite-sized pieces
1/8 tsp. each salt and black pepper, or more to taste
1/8 tsp. garlic powder
1/2 cup sliced mushrooms
1/2 cup chopped onion
1-2 tsp. chopped garlic
1 tbsp. fat-free mayonnaise (like the kind by Kraft)
2 tsp. reduced-fat Parmesan-style grated topping (like the kind by Kraft)
1 wedge The Laughing Cow Light Creamy Swiss cheese
2 cups chopped spinach leaves

Directions:
Use a strainer to rinse and drain noodles. Thoroughly pat dry. Roughly cut noodles.

Bring a skillet sprayed with nonstick spray to medium-high heat. Add chicken and season with salt, pepper, and garlic powder. Add mushrooms, onion, and garlic. Cook and stir until chicken is cooked through and veggies have softened, about 5 minutes. Remove contents and set aside.

If needed, clean skillet. Remove from heat, re-spray, and bring to medium heat. Add noodles, mayo, Parm-style topping, and cheese wedge, breaking the wedge into pieces. Cook and stir until cheese has melted, mixed with mayo, and coated noodles, about 5 minutes.

Stir in spinach, chicken, and cooked veggies. Cook and stir until spinach has wilted and dish is hot, 2 – 3 minutes. EAT!

One third said they worry most about schoolwork. No surprise there. You'll be studying more advanced material, so it's natural to worry about whether you'll do OK.

But not everyone said schoolwork was their biggest worry. **Just as many people said they worry most about social issues like fitting in, having friends, being judged, or being teased.** Since social life is such a big part of school, it's not a shock that social issues are the biggest worry for some people.

Besides schoolwork and social stuff, another category ranked high on the worry list: **appearance**. One-fourth of the people who responded to our survey said appearance issues worried them most of all. If this is you, you've got plenty of company.

Kimberly, 14, told us, "I'm happy about going back to school — I'm bored stiff here! But I'm worried about reputation, teasing, failing, and being a nerd."

A Quicker Convergence to Euler's Constant

Dunne W. DeTemple

Euler's constant γ is usually defined by the limit relation

$$\gamma = \lim_{n \to \infty} D_n$$

where

$$D_n = 1 + \frac{1}{2} + \frac{1}{3} + \cdots + \frac{1}{n} - \log n.$$

The rate of convergence is extremely slow since

$$\frac{1}{2(n+1)} < D_n - \gamma < \frac{1}{2n}, \quad n = 1, 2, \ldots$$

Young gave an elementary proof of this inequality in [2].

It is less well known that convergence can be improved significantly by replacing D_n with

$$R_n = 1 + \frac{1}{2} + \frac{1}{3} + \cdots + \frac{1}{n} - \log\left(n + \frac{1}{2}\right)$$

Clearly $\lim_{n \to \infty} R_n = \gamma$ what is unexpected is the large effect this slight change has on the rate of convergence

Theorem. *For all natural numbers n*

$$\frac{1}{24(n+1)^2} < R_n - \gamma < \frac{1}{24n^2}$$

Proof. The upper and lower bounds are both obtained by considering the function f defined on $x > 0$ by

$$f(x) = -(x+1)^{-1} + \log\left(x + \tfrac{1}{2}\right) + \log\left(x + \tfrac{1}{2}\right)$$

Short calculations show that

$$R_n - R_{n+1} = f(n)$$

and

$$f'(x) = -\tfrac{1}{2}(x+1)^{-2}\left(x + \tfrac{1}{2}\right)^{-1}\left(x + \tfrac{1}{2}\right)^{-1}$$

To obtain the upper bound, we first observe that

$$-f'(x) < \tfrac{1}{2}\left(x + \tfrac{1}{2}\right)^{-4}$$

This is a demo of Word Form PDF Form Conversion

eDocPrinter PDF Pro Word-addin supports converting Word Form to PDF Form since Ver 6.03 Build 2980. Users have to enable Word Form to PDF Form conversion in settings of Addin. Users can also set other options like border color, text color and field background color in the setting dialog. Since 6.20 Build 4268, the addin will automatically detect the font size, maximum characters and color when converting the fields. Hence each field can have its own font size, color and background color.

In addition to the text field, dropdown list and check box supported by Word, eDocPrinter PDF Pro addin also supports multi-line text fields, submit and reset button with its proprietary naming scheme. This makes the PDF form easily integrate with the web interactions.

Please enter your name Please enter your name in the text field ....

This is a dropdown menu for selection ITEM1

Text field 2 Check box 2 ☐

How to create a Multi-line text box field
Just name the text field box with "ML_" prefix and enable converting multi-line text field. Since 6.19 Build 4997, the prefix is changed to "ML_num_", when num means the num of lines. Default value is 4 is no such _nnn_ assigned. Here is a demo:

How to create Submit and Reset button?
Users have to insert a text field with its name equal to "SubmitForm". The value of this field will be the text shown on submit button after converting to PDF. The default text of this field will be the action URL for submitting. It's similar for creating 'ResetForm' button. Users can choose the submit data format and method in the setting dialog of Word addin of eDocPrinter PDF Pro. Example of SubmitForm and ResetForm buttons.

Caller ID with Name

See Who's Calling Before You Pick Up the Phone.

Vonage Caller ID works automatically with any Caller ID-enabled touch-tone phone or device!

Call Waiting

Accept an Incoming Call When Youre on the Phone!

Call Waiting is as simple as pressing a button. While you are on the phone, a beep tone alerts you to another incoming call. See the incoming number if you have Caller ID on your phone, then press the flash button or switch hook on your phone to enable Call Waiting. The first call will be placed on hold while you answer the second call. It's that easy!

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This recommended manual guides testing your HP fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE: The machine you plan to use must not be set to dial a prefix sequence such as *82 before dialing the toll-free number. This will prevent your fax machine from successfully connecting to the HP fax test service. Other phone features, such as voice mail, may also cause problems with testing. If you have any of these features, consider disabling them temporarily before testing.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the Auto Answer mode option to Every Time or Answer on Rings to On. This will ensure that your fax machine answers all fax connections that it may be involved in during the troubleshooting. This option is available within the setup menu on the front panel or on the product's control panel of your device.

1. Send a one page black and white test fax to **1-888-HPFAXTEST** or (1-888-473-2983).
2. After your fax is successfully received by the HP Fax Service, you will generate a return fax to you within five minutes and typically within one minute of receiving your test fax. This verifies that your fax machine and telephone line with your fax machine.

If you do not receive a return fax within five minutes, there may be a problem with the setup of your fax machine. Contact the manufacturer of your fax machine for proper setup and configuration.

NOTE: If your fax number consists of 7 digits, check the format of how the Fax number is entered. Be sure that you do not enter the number of the phone line connected to the fax line. Ensure that the number entered is the full 10-digit phone number of the fax machine including the area code.

For more information or questions, click Contact HP at the top of this page.

10 Search the SSID to display the list, select the destination SSID, and then press the [Next] key.

- If you cannot find your own SSID, check the connection settings.
- When selecting the SSID, make sure that you do not connect to a public LAN. The SSID and encryption key for the public LAN setting may be known.

11 Select the authentication method and then press the [Next] key.

- Select the same method as the one you specified in Step **3**.
- In the mode "Mix Mode WPA2/WPA", the machine automatically selects the method you specified in Step **3** from "WPA-PSK" or "WPA2-PSK". If you specified "Open System" in Step **3**, select "Open System" or "Shared Key".

The [Next] key changes depending on the authentication method that you have selected. For details, see Step **12** – **13** of the appropriate section.

- ◆ Connecting to devices using the WPA2-PSK or Mix Mode WPA2/WPA authentication

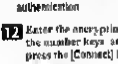
12 Enter the encryption key using the number keys and then press the [Connect] key.

13 Press the [Yes] key.

After connecting, the machine automatically restarts. Wait for a while.

14 Select [Wi-Fi Status], and then press the [OK] key.

When "Connected" is displayed, the connection has been established.



- If "Connecting" is displayed, the connection has not been established. Check the settings.
- If "Disconnected" is displayed, the connection has not been established. Start from the beginning.

15 Set an IP address to use the machine as a network printer.

For details about how to set an IP address, see *Network Settings Guide*.

- ◆ Connecting to the devices using the Open System or Shared Key authentication

12 Select the encryption method, and then press the [Next] key.

Perform the following steps according to the option you have selected in Step **3**.

- Open System: Administrator password is required. (default: 12345)
- WEP: Administrator password is required. (default: 12345)
- WEP key: Enter a value corresponding to the WEP key you specified in Step **3**.
- Shared Key: Enter a value corresponding to the WEP key you specified in Step **3**.

Note

- Depending on the model, encryption methods may differ. If necessary, select an encryption method.

13 Enter the encryption key and ID using the number keys, and then press the [Connect] key.

The ID is used for identifying the encryption key. You can register four encryption keys (ID 1 to 4).

14 Press the [Yes] key.

After connecting, the machine automatically restarts. Wait for a while.

15 Select [Wi-Fi Status], and then press the [OK] key.

When "Connected" is displayed, the connection has been established.

- If "Connecting" is displayed, the connection has not been established. Check the settings.
- If "Disconnected" is displayed, the connection has not been established. Start from the beginning.

16 Set an IP address to use the machine as a network printer.

For details about how to set an IP address, see *Network Settings Guide*.

Note

- For details about encryptions using WPS and Wi-Fi Direct, see *Wireless LAN Setup Guide*.
- For details about the LAN settings and network connections, see *Network Settings Guide*.

Troubleshooting

Connection Problems

If a problem occurs when configuring the wireless network, check the following points.

- ◆ Are the wireless LAN router and the access point placed in an area in which they can receive radio waves?

The wireless LAN router and the access point must be placed in an area where they can receive radio waves. If the wireless LAN router or the access point is hidden by a wall or metal, their signals may not reach the machine.

- ◆ Is the SSID or encryption key entered correctly?

Check that a SSID or encryption key is entered correctly.

Connection has Succeeded but the Wireless LAN Cannot be Used

If the connection has succeeded, check the wireless LAN network as follows.

- ◆ Are the IP address settings configured correctly?

See *Network Settings Guide* to configure the IP address settings.

- ◆ Check that no Ethernet cable is connected to the machine.

If a network environment in which the wireless LAN and the wired LAN coexist is used, the machine cannot be connected to the wireless LAN even if the Ethernet cable is connected.

- ◆ Communication may fail due to radio wave interference.

If there is a source of electromagnetic interference, change the wireless channel and then connect to the network again.

> people with the luxury or choice--we would be likely to see most clearly the way they move from one stage to another as variations on the theme of adult development, rather than as reactions to outer obstacles or the regimentation of class behavior.[2]

The preceding may explain why many authors limit their research to middle-class women.

The researchers attempted to locate literature and research regarding mid-life transition in women across all socio-economic levels. They searched the sociological, psychological, social work, social science journals and women's abstracts. Books and magazines were also reviewed. A computer search was done to be certain the researchers had covered all available data. Few useful sources were found which dealt with women in mid-life transition, particularly those women in the lower socio-economic group.

The primary themes in the following review are the empty nest, role changes, menopause, black versus white issues, self-sacrifice and powerlessness.

Friese, et al.,[3] in Women and Sex Roles, defines the "empty nest" as the departure of grown children from the home. The author states that depression, due to loss of parental role, is linked in our culture to sex, race, social class, and occupational status.

~Reviews~

"It is intriguing to watch Collins-Stepney assume the characters he plays .. the youths in the audience who were taking notes undoubtedly benefited."

Bob Morrison, Critic
Washington DC Fringe Festival 'Best Bets'

"The concept of "edu tainment" is like the concept of "dinner theater." When the two elements are combined, one expects that neither of them will be particularly good. B.A.D (Black And Defiant) is a show all about overcoming stereotypes, and it defies this one as well."

Suzyn Smith Critic
Washington City Paper

"B.A.D. is a compelling look at four pioneers about whom I knew very little and I left the theater considering the personal costs these men paid for their greatness."

Susan Webb, Critic
Washington, DC Fringe Festival

FAX TEST

Blonde Joke No. 597

A man was in his front yard mowing grass when his attractive blond female neighbor came out of the house and went straight to the mailbox.

She opened it then slammed it shut &stormed back in the house. A little later she came out of her house again went to the mail box and again, opened it, slammed it shut again. Angrily, back into the house she went.

As the man was getting ready to edge the lawn, here she came out again, marched to the mail box, opened it and then slammed it closed harder than ever.

Puzzled by her actions the man asked her, "Is something wrong?"

To which she replied, "There certainly is! "My stupid computer keeps saying, 'YOU'VE GOT MAIL' and there's nothing in the mailbox!"

Remember me next time

desperately needed to fart. The music was really loud so I timed my fart with the beat of the music.
After a couple of songs I started to feel better.

I finished my coffee and noticed that everyone was staring at me.
And suddenly I remembered -
I was listening to my iPod

That's what happens when old people start using technology!

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at www.irs.gov/fw9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding?* on page 2.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

See *What is FATCA reporting?* on page 2 for further information.

Je sSoft Team is proud to present additional module from **JeraSoft VCS** that allows to get out of box integration with **FreeSWITCH**. It is still available by docker-initialized set of fully-functional VoIP platform based on **FreeSWITCH** and **JeraSoft VCS**.

The module was developed in close collaboration between **FreeSWITCH** and Je sSoft teams that allowed to assemble out-of-box and feature solution for all users of **FreeSWITCH** and **JeraSoft VCS**.

Following features will be available instantly and without additional development:

RADIUS Authentication of customers by login+password

RADIUS Authentication of customers and vendors by IP (generally for interconnect customers)

RADIUS Start Accounting for tracking of current calls in real time

RADIUS Stop Accounting for storing and getting

Further on we will add some additional modules which will complement the functionality. Dynamic Routing feature via SIP Redirect Server. And once again - this is not the limit and we shall add any customer specific features.

Currently we believe that this new solution will be very interesting and important. If you are looking to build your VoIP business on **JeraSoft VCS** solution - don't hesitate to ask **FreeSWITCH** to switching platform.

The module is included in **JeraSoft VCS** from the version 24.2 that is already available.

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one page fax to +888 877 1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy -- it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine--point your web browser to FaxZero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

AutoRuns for Windows v8.2†

By Mark Russinovich and Bryce Cogswell

Published: May 3, 2006

Introduction

This utility, which has the most comprehensive knowledge of auto-starting locations of any startup monitor, shows you what programs are configured to run during system bootup or login, and when various built-in Windows programs like Internet Explorer start. It also shows you the entries in order of execution, including Explorer shell extensions, toolbars, browser helper objects, Winlogon notifications, auto-start services, and much more. Autoruns goes way beyond the MSConfig utility bundled with Windows 98 and NT.

Autoruns has been updated for Windows Server 2008 and Windows Vista and now displays digital signature verification information, which is enabled by default. You can hide signed Microsoft entries so that you can focus on third-party auto-starting programs that may have been installed on your system. Autoruns also has an option to scan an offline system, which is useful for checking the auto-starting configuration of your boot drive. Finally, Autoruns now includes support for per-user configuration settings that can be monitored for changes so that you can be notified when an application modifies its configuration so that it will be launched automatically.

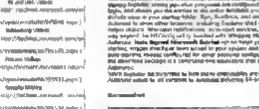
Autoruns' new Logon tab shows you the list of programs configured to run during user logon along with the Winlogon notifications that you can also see in Sysinternals Logonsessions utility. Autoruns also has support for detecting known malware locations, so that you can easily check whether your system contains any of the hundreds of known malware auto-start configurations.

Autoruns' extensive configurability includes support for searching for entries and hiding Microsoft entries so that third-party additions stand out. It includes the ability to save program lists and subsequently compare them to lists generated on other systems, which is useful for identifying changes resulting from installation of software or malware. Its Jump feature takes you to the selected entry in the appropriate configuration tool, such as Explorer or the Services control panel applet. Autoruns also has the ability to verify the signatures of executable images, checking for valid and trusted certificates.

Autoruns' command-line support includes options for generating CSV output, which you can import into Excel for further processing. Autoruns can also be configured to rerun automatically and report changes, which is useful for monitoring a system for malware that has been detected and removed.

Autoruns is an extremely powerful tool that exposes the entire list of auto-start configurations, including entries for Internet Explorer, Explorer, Scheduled Tasks, services, drivers, codecs, Boot Execute, Image Hijacks, AppInit, KnownDLLs, Winlogon, Winsock LSP, Print Monitors, LSA Providers, and Network Providers. Autoruns reports Explorer, Internet Explorer, Scheduled Tasks and Services entries, and supports auto-starts from all versions of Windows, including 64-bit versions.

Requirements



Using

See the September 2006 issue of TechNet Magazine for Mark's article.

Autoruns.exe -s -h -c -m -a bdeghilnoprtw * > autoruns.csv

Autoruns.exe -s -h -c -m -a bdeghilnoprtw * -z %SystemRoot% %SystemRoot% > autoruns.csv

Autoruns.exe -s -h -c -m -a bdeghilnoprtw * -z %SystemRoot% %SystemRoot% -z %SystemRoot% %SystemRoot% > autoruns.csv

Download Links

Autoruns, or the command-line version of Autoruns, its usage syntax is:

Autoruns [-accepteula] [-a] [-c|-ct] [-b] [-d] [-e] [-g] [-h] [-i] [-l] [-m] [-o] [-p] [-s] [-t] [-u] [-v] [-vt] [user]

-a Show all entries.
-b Boot execute
-c Print output as CSV
-d AppInit DLL
-e Explorer addons
-g Sidebar gadgets (Vista and higher)
-h Image hijacks
-i Internet Explorer addons
-l Logon entries (the default)
-m Hide signed Microsoft entries
-o Services, drivers, and network providers
-p Print Explorer entries

Zen Thinking

- The journey of a thousand miles begins with a broken fan belt and a leaky tire.

- Never test the depth of the water with both feet.

- Give a man a fish and he will eat for a day. Teach him how to fish, and he will sit in a boat and drink beer every weekend.

- Some days you're the dog ... and some days you're the hydrant.

- Don't worry ... it only seem kinky the first time.

How to Fax Virtually Anywhere On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the **send functionality of your fax machine**, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax.Tax — it's pre-set with the dialing rules wherever you've faxed that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a larger version.

To test the **receive functionality of your fax machine**, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. With a new number, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Directions

1 Place the tripe or other meat that you have selected to use in a saucepan, and cover with water. Bring to a boil, and turn off the heat. Allow the meat to cool a bit in the water, and then drain and rinse. Cut into 1/4 inch pieces.

2 In a large heavy kettle, saute the bacon until clear. Add the onion, celery, leeks, parsley, and green peppers; saute until tender.

3 Stir in beef stock, thyme, marjoram, cloves, red pepper flakes, bay leaf, and black pepper. Bring the kettle to a boil, and turn down to a simmer. Cook, covered, until meat is very tender, about 2 hours.

4 Add the diced potato and carrots, and cook for an additional 20 minutes.

5 Prepare the roux by stirring the flour into the melted butter or margarine, and cooking for a moment on the stove. When the soup is done to your liking, stir in the roux. Simmer, stirring all the while, until the soup thickens a bit. Correct the seasonings.

Welcome to "Medicare & You" 2016

We're excited that 2015 marked the 50th anniversary of President Lyndon B. Johnson signing into law the Medicare program. Medicare has been protecting the health and well-being of American families and saving lives for five decades. Over the years, Medicare has grown and today provides quality health coverage for more than 50 million Americans. But we're not stopping there. Every day, we're working to make Medicare even stronger to offer you better care and to keep you healthy.

Having Medicare provides peace of mind, but it's also important that you're getting the most out of your coverage. Use this handbook as a resource to help you:

- **Get the care you need when you need it** — Medicare covers many preventive services to keep you healthy. Use the checklist on page 69 to help you track the preventive services you had and understand the services you might need.
- **Understand your benefits and bills** — Read through this overview of your Medicare benefits and choices, and look for the helpful icons as you go. Go to pages 20–22 if you still need help.
- **Find tools to make decisions for a healthier life** — One of these tools is Medicare's Blue Button. The Blue Button can help you make informed decisions about your care and can give your health care providers a more complete view of your health history. See page 134 to learn more.

As always, if you have specific questions about Medicare, visit Medicare.gov to find the answers you need. You also can call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

Yours in good health,

Sylvia M. Burwell

Student e-mail

Do you know that all registered students at Gateway have an assigned e-mail account?

Student e-mail allows students to receive important information from Gateway including financial aid notifications, admissions status notifications, student activities announcements, and communications from instructors.

Look for your Gateway e-mail address on your class schedule. Student e-mail guidelines are covered in the student handbook under "Computing, Networking and Information Resources."

1. You will need your Gateway-assigned seven-digit student ID number
2. Go to www.gtc.edu and click on My Gateway and then on student e-mail or directly at https://mail.gtc.edu.
3. Fill in the login screen.

Quick Start

Unit Manager Network

Once installed, the UMN can manage up to three (3) units without a license key. To manage more than three units requires purchasing and installing a license key as per the instructions in the section "Installing the License Key" below.

If you have a previous version already installed on your system, you have the choice between uninstalling the previous version or upgrading the previous version to the new version. Depending on the version currently installed, you may not be able to perform an upgrade. Please refer to the section at the end of the installation CD for more information on version compatibility. Install the UMN using a login with Administrator privileges.

Installing the UMN

1. Close all Windows 2000 / XP / 2003 / Vista / 7 machine to host the UMN.
2. On the CD-ROM, locate the .exe file and start it.
3. After reviewing the instructions in the Welcome dialog box, keep the default installation folder or click Browse to specify the pathname of a different folder.
4. Select the *Typical* file type of installation.
5. Click *Next* to begin the installation.

   When the installation is complete, restart your computer.

Installing the License Key

Installing a license key is not required for managing three units or less.

1. Access the *Start > Programs > Unit Manager Network 3.2 > Unit Manager Network* option.
2. In the login Window click *OK*.

   The *Administrator* window opens.
3. In the *Help* menu, select the *License Key Request* task.

   The *License Key Request* window opens. The Machine ID key of the server running the Unit Manager session is displayed in the *Machine ID Key* field.
4. Enter the *Product Key* that is located on the CD case in the *Product ID Key* field.
5. Enter the company name to which register the license in the *Company Name* field.

   If the Product Key is valid the *Send* email button becomes available.
6. Click *Send* email.

   This starts your default email application. The information in the *Message* section of the *License Key Request* window is copied into the body of the email.
7. Add the register@mediaSense.com email address in the *To* field of your email application and put a meaningful subject such as *License Key Request*.
8. Send the email.
9. MediaSense Corporation will send back a license key as an executable program. Run this program to install your license key.

   You are now ready to use the UMN with the number of units requested.

Selecting the Type of Units to Display

1. Select the *Start > Programs > Unit Manager Network 3.2 > Configuration > Unit Manager Configuration* option.

   The *Unit Manager Configuration Window* opens. It contains four tabs to set various information.
2. Click the *Unit Selection* tab.

   This tab lets you select the type of units according to their software version. If you deselect one type of unit, all UMN of this type will not be displayed in the UMN and you will not know that they exist. These settings will be reset when finding new Maestria units on the network.
3. Click *OK* to apply the changes.

Autodetecting New Units

1. Access the *Start > Programs > Unit Manager Network 3.2 > Unit Manager Network* option.
2. In the login window click *OK*.

   The *Administrator* window opens.
3. Right-click *Unit Manager* in the list on the left.
4. In the context sensitive menu, select the *Autodetect* option.

   The *Unit Detection* window opens, which lets you autodetect all Maestria units in a range of IP addresses that you specify.
5. Set the range of IP address within which you want to detect units.
6. Click the *Start* button.

   The UMN goes through all IP addresses within the specified range and lists the Maestria units detected in the *Results* section. UMN with a check mark were not present in the previous autodetect process. You can uncheck unwanted units as you want.
7. Click *OK* to add units with a check mark.

   The list of Maestria units in the UMN is automatically resumed. You are now ready to manage and configure these units.

Using the Online Help System

The UMN offers a built-in online help system that you can peruse at will.

1. Open the window for which you want to access the help.
2. Press the <F1> key when this window is opened.

   The corresponding information is displayed.

"*Defaulting Party*" has the meaning specified in Section 6(a).

"*Early Termination Date*" means a date determined in accordance with Section 6(a) or 6(b)(iv).

"*Event of Default*" has the meaning specified in Section 5(a) and if applicable in the Schedule.

"*Illegality*" has the meaning specified in Section 5(b).

"*Indemnifiable Tax*" means any Tax other than a Tax that would not be imposed in respect of a payment under this Agreement but for a present or former connection between the jurisdiction of the government or taxation authority imposing such Tax and the recipient of such payment or a person related to such recipient (including, without limitation, a connection arising from such recipient or related person being or having been a citizen or resident of such jurisdiction, or being or having had a permanent establishment or fiscal agent of such person in such jurisdiction, or having or having had a permanent establishment or fiscal agent of such person in such jurisdiction, but excluding a connection arising solely from such recipient or related person having executed, delivered, performed its obligations or received a payment under, or enforced, this Agreement or a Credit Support Document).

"*Law*" includes any treaty, law, rule or regulation (as interpreted, in the case of tax matters, by the practice of any relevant governmental revenue authority), and "*lawful*" and "*unlawful*" will be construed accordingly.

"*Local Business Day*" means, subject to the Schedule, a day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) (a) in relation to any obligation under Section 2(a)(i), in the place(s) specified in the relevant Confirmation or, if not specified, in the place(s) so agreed by the parties in writing or determined pursuant to provisions contained, or incorporated by reference, in this Agreement, (b) in relation to any other payment, in the place where the relevant account is located and, if different, in the principal financial centre, if any, of the currency of such payment, (c) in relation to any notice or other communication, including notice contemplated under Section 5(c)(ii), in the city specified in the address for notice provided by the recipient and, in the case of a notice contemplated by Section 2(b), in the place where the relevant new account is to be located and (d) in relation to Section 5(a)(v)(2), in the relevant location for performance with respect to such Specified Transaction.

"*Loss*" means, with respect to this Agreement or one or more Terminated Transactions, either, save only to, and a party, the Termination Currency Equivalent of an amount that such party reasonably determines in good faith to be its total losses and costs (or gain, in which case expressed as a negative number) in connection with this Agreement or that Terminated Transaction or group of Terminated Transactions, as the case may be, including any loss of bargain, cost of funding or at the election of such party but without duplication, cost or loss incurred as a result of its terminating, liquidating, obtaining or reestablishing any hedge or related trading position (or any gain resulting from any of them). Loss includes losses and costs (or gains) in respect of any payment or delivery required to have been made (assuming satisfaction of each applicable condition precedent) on or before the relevant Early Termination Date and not made, except to the extent contemplated in Section 6(e)(i)(3) or 6(e)(ii)(2)(A), Unpaid Loss. Loss does not include a party's legal fees and out-of-pocket expenses referred to under Section 11. A party will determine its Loss as of the relevant Early Termination Date, or if that is not reasonably practicable, as of the earliest date thereafter as is reasonably practicable. A party may (but need not) determine its Loss by reference to quotations of relevant rates or prices from one or more leading dealers in the relevant markets.

"*Market Quotation*" means, with respect to one or more Terminated Transactions and a party making the determination, an amount determined on the basis of quotations from Reference Market-makers. Each quotation will be for an amount, if any, that would be paid to such party (expressed as a negative number) or by such party (expressed as a positive number) in consideration of an agreement between such party (taking into account any existing Credit Support Document with respect to the obligations of such party) and the quoting Reference Market-maker to enter into a transaction (the "Replacement Transaction") that would have the effect of preserving for such party the economic equivalent of any payment or delivery (whether the underlying obligation was absolute or contingent and assuming the satisfaction of each applicable condition precedent) by the parties under Section 2(a)(i) in respect of such Terminated Transaction or group of Terminated Transactions that would, but for the occurrence of the relevant Early Termination Date, have

Windows® Fax and Scan

Connect to a scanner or camera

Fax and Scan lets you send and receive faxes, and scan documents and pictures using scanners and cameras that are connected to your computer or to a network. You can also share your scanners and faxes with other people on your network.

To get started:

1. Set up a fax modem or connect to a scanner or camera.

   If you're connecting to a network scanner, make sure that you're connected to the network, and that the scanner is turned on.

2. On the menu bar, click **New Fax** or **New Scan**.

3. Follow the instructions that appear in the dialog box.

If you're having problems setting up your scanner or camera, make sure that it's compatible with Windows Fax and Scan. For more information, see the manufacturer's documentation for your device, or search for your device on the Windows Compatibility Center Web site.

Before you send or scan a fax, you can preview the document or picture to make sure it looks the way you want it to. You can also change the page settings or the scanner settings. You can also fax or scan multiple files at the same time.

To preview a fax:

1. Add the files you want to fax to the fax cover page. For more information, see the Help and Support Center.
2. In Windows Fax and Scan, in the navigation pane on the left, click **Scan**.
3. On the toolbar, click **New Scan**.
4. Select the scanning profile that you want to use, and then click **Preview**.

Use the controls on the preview window to change the settings, and then click **Scan**. For more information, see the Help and Support Center.

FORWARD-FACING LATCH Instructions

Section 10. Installing the Child Restraint Forward-Facing in Your Vehicle

⚠WARNING! DEATH or SERIOUS INJURY can occur

If your vehicle has lower anchors, the LATCH system can be used. Your vehicle may also have a top tether anchorage located behind the vehicle seat. Refer to your vehicle owner's manual to determine if lower anchors and top tether anchors are available and for which seating positions. If lower anchors are not available the vehicle seat belt must be used. The top tether can be used with the vehicle seat belt or LATCH.

Additionally LATCH and top tether anchors are designed to a maximum limit which can vary by vehicle. Due to this variation, RECARO requires use of the vehicle seat belt for any child weighing more than 45 lbs (20.4 kg).

Your vehicle will also have a top tether anchorage located behind the vehicle's seat. Refer to your vehicle owner's manual if it is difficult to find. This can also vary by vehicle. Do **NOT** use a cargo tie down for the top tether attachment.

NOTE. *The child restraint seat is shipped with the* ***LATCH*** *strap installed in the forward-facing mode. If you are switching from rear-facing, you will need to reroute the* ***LATCH*** *strap.*

- Use **ONLY** the fully up-right position when installed forward facing.

Tuscan Shortribs

Ingredients 6-8 shortribs (as lean as possible)
cinnamon
nutmeg
onion
herbs (de Provence is best) a few pinches
salt and pepper
diced small Sweet Potato
Olive Oil
diced Arugula
Madeira Wine
a 1/2 of fresh tomatoe diced
Ricotta Cheese
Gia Russo Sweet Potato Gnocchi

Steps Brown and sear shortribs in Olive Oil S & P a dash of each a little chopped onion a shake of cinnamon dash of
nutmeg a few dashes of Madeira Wine adding more as you sear depending on the number of Short Ribs you are doing
Put the seared ribs in slow cooker , layering with Chopped Arugula diced tomatoes diced sweet potatos pinches of
herbs Do this for each layer and also add more Madeira wine at the finish before covering Slow cook on low for 7 hours

Serveing Place a healthy portion of the cooked Sweet Potato Gnocchi in the center of plate usually 4 shortribs to the left and a
large dolop of Ricotta Cheese to the right Cover the Gnocchi with the Brown Sauce I empty the sauce from the
cooker into a sauce pan add a little Corn Starch bring to a full boil just thickens the brown sauce a bit Serve with a
very crusty Peasant Italian Bread

PS Usually when I do this and is for 6 people I do two full trays of Shortribs from BJ's and of course you adjust all the ingredients to the size of the full amount you are doing Remember to trim some of the fat on the ribs away not all it is needed for flavor
Okay , Bon Appetite !!!!! I know you will absolutely love the flavor and as I said it

Using Remote Control Software to deliver an effective Help Desk function

Most IT managers will identify that the role of supporting the internal infrastructure and most notably their users is the most demanding requirement of an IT department.

This function, better known as the "Help Desk" is the foundation to the Corporate IT Operation.

By definition is assumed that the role of this function is to provide Help, and as such is charged with acting as the ICure for any technology based issues. Remote Control software has always been presented as the perfect solution to assist in improving the responsiveness of the Help Desk department. Its largest single restriction being, the tool that removes the need for support staff to have to physically visit a users PC to resolve issues. Clearly the above is of double benefit, users are not only presented with speed or response times but the support function is able to operate more efficiently as a result of having their resource on hand and not travelling. Once this concept extends beyond the local area network to geographically diverse enterprises the time and cost savings become more fundamental.

Putting to one-side network connectivity issues most Remote Control software solutions are able to offer a solution within this remit. All of the leading Brands will deliver the ability to Connect and View a Users Screen, Control Keyboard and Mouse Input, and if necessary upload files direct to the desktop.

On that basis it would be fair therefore to assume the only issue of relevance is price? While an important factor in evaluating suitable solutions, there are other more fundamental issues that should be taken into consideration.

An effective Remote Control tool should offer support for all primary desktop platforms DOS, Win 3.x 95/98/ME, NT 2000 and so on, and offer connectivity between these platforms.

Security - By definition the products are offering access direct to the users desktop, this level of interaction and access has to be provided in a Controlled and Secure and Ideally, profiled way to prevent abuse and potential vulnerability.

Scalability - The solution should allow the user base to be grouped, identified and administered in a scalable structure without directly increasing administrative IT overhead.

delivered direct from the server or via automated remote deployment and not require user input to facilitate deployment. This functionality should provide for remote upgrades and configuration maintenance.

So, having identified a product that supports all of your desktop environments is secure, scalable and easy to deploy and maintain you have your solution. Well, almost, as mentioned earlier most companies look at the Help Desk as the Cure for user problems. We believe that the most effective Helpdesk is the one that offers not only the Cure, but also the Prevention to problems.

NetSupport Manager offers seamlessly and flexibly all of the functions required to cure Desktop User issues, but adds to this a raft of tools designed to assist users in avoiding the need for support in the first place.

First and foremost the most effective means of reducing User Support overhead is to provide better or more focused Training. NetSupport Manager allows you to show your Screen to any number of connected PCs on the LAN to deliver interactive Training to your users. NetSupport also allows you to Record a Remote Control Session and save it in a Replay File. The next time a user has a question about the same topic, the replay file can be shown rather than Support addressing the same issues over and over again. The Product offers full Audio support, so if the User PC has multimedia capability a dialogue can be made without the need to use the phone.

NetSupport is geared to provide the Help Desk with the tools need to deliver interactive Training to its users, but if all else fails and support is needed the perfect aids the functionality to make the problem resolution as easy as possible. On the fly NetSupport Manager can perform a Hardware Inventory of the users PC, making it quick and easy for the IT staff to identify key information about the PC. NetSupport Manager also offer Software Inventory to highlight what other applications are installed on the Users PC, this helps track down software conflicts and version issues.

As part of the routine responsibilities of an effective Help Desk, NetSupport Manager also offers the power to deliver software to multiple PCs simultaneously. Launch Applications on Remote PCs and a powerful Scripting and Scheduling Suite to provide effective unattended reporting and diagnostics.

Once deployed NetSupport Manager will deliver the most

FIRST is a [illegible] public charity dedicated to engaging young people in robotics and technology.

FIRST offers four programs for students of all grades and ages, from kindergarten through high school.

[illegible]

FIRST Robotics Competition (High-School Ages)

FIRST Robotics Competition (FRC) is a unique varsity sport of the mind designed to help high-school aged young people become less interesting and rewarding the art of engineers and innovators.

The FIRST Robotics Competition challenges teams of young people and their mentors to solve a student problem in a six-week timeframe using a standard "kit of parts" and a common set of rules. Trained local coaches from the game and come teams of competitors designed by Dean Kamen, Dr. Woodie Flowers, a committee of engineers and other professionals.

FIRST volunteers working for these students because they are rewarded for excellence in design, teamwork and team spirit, gracious professionalism and maturity, and the ability to overcome obstacles. Gaining the most points is a secondary goal. Winning means building perspectives, but not

What is various about the FRC program?

- It is a sport where the participants play with the great and learn from them
- Designing and building a robot is a sophisticated real-world professional experience
- Competing on stage brings participants an exciting, sophisticated and interactive role as conventional varsity counterparts
- It is quick, one and a complete every year

The varsity sport for the mind. FRC combines the excitement of sport with the rigors of science and technology. Like real world, limited resources, and real limits. Teams of 25 students, a mere are challenged in team fields, design a team school, hone teamwork skills, and build and program robots to perform prescribed tasks against a field of competitors. It is close to real-world engineering as a student can get. We mirror professional workers and draw and talents to guide each team.

Everyone participates get to:

- Use a real professional engineers
- Build and compete with a robot of their own design
- Learn and use sophisticated software and hardware
- Compete and showcase at grandest and championships
- Earn a place to compete in the world's most prestigious
- Qualify for over $1.1 million in college scholarships

Connecticut hosts the largest and longest running FIRST Robotics Competition Regional event in New England. The [illegible] Northeast Utilities FIRST Connecticut Regional will be held April 1-2, 20[illegible] at the Connecticut Convention Center.

Here are 43 teams in Connecticut registered to participate in the 20[illegible] FIRST Robotics Competition.

Line 2

If you have a business name, trade name, DBA name or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box in line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box in line 3.

Limited Liability Company (LLC). If the name on line 1 is an LLC treated as a partnership for U.S. federal tax purposes, check the "Limited Liability Company" box and enter "P" in the space provided. If the LLC has filed Form 8832 or 2553 to be taxed as a corporation, check the "Limited Liability Company" box and in the space provided enter "C" for C corporation or "S" for S corporation. If it is a single-member LLC that is disregarded, do not check the "Limited Liability Company" box; instead check the first box in line 3 "Individual/sole proprietor or single-member LLC."

Line 4, Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space in line 4 any code(s) that may apply to you.

Exempt payee code.

- Generally, individuals (including sole proprietors) are not exempt from backup withholding.
- Except as provided below, corporations are exempt from backup withholding for certain payments, including interest and dividends.
- Corporations are not exempt from backup withholding for payments made in settlement of payment card or third party network transactions.
- Corporations are not exempt from backup withholding with respect to attorneys' fees or gross proceeds paid to attorneys, and corporations that provide medical or health care services are not exempt with respect to payments reportable on Form 1099-MISC.

The following codes identify payees that are exempt from backup withholding. Enter the appropriate code in the space in line 4.

1—An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2)

2—The United States or any of its agencies or instrumentalities

3—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities

4—A foreign government or any of its political subdivisions, agencies, or instrumentalities

5—A corporation

6—A dealer in securities or commodities required to register in the United States, the District of Columbia, or a U.S. commonwealth or possession

7—A futures commission merchant registered with the Commodity Futures Trading Commission

8—A real estate investment trust

9—An entity registered at all times during the tax year under the Investment Company Act of 1940

10—A common trust fund operated by a bank under section 584(a)

11—A financial institution

12—A middleman known in the investment community as a nominee or custodian

13—A trust exempt from tax under section 664 or described in section 4947

The following chart shows types of dealership that may be exempt from payment withholding. The chart applies to the exempt payees listed above, 1 through 13.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 7
Broker transactions	Exempt payees 1 through 4 and 6 through 11 and all C corporations. S corporations must not provide a substitute payee code unless they are exempt only for sales of noncovered securities acquired prior to 2012.
Barter exchange transactions and patronage dividends	Exempt payees 1 through 4
Payments over $600 required to be reported and direct sales over $5,000[1]	Generally, exempt payees 1 through 5[2]
Payments made in settlement of payment card or third party network transactions	Exempt payees 1 through 4

[1] See Form 1099-MISC, Miscellaneous Income, and its instructions.

[2] However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Required" in the line for backup withholding code.

A—An organization exempt from tax under section 501(a) or any individual retirement plan or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2)

B—The United States or any of its agencies or instrumentalities

C—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities

D—A corporation the stock of which is regularly traded on one or more established securities markets, as described in Regulations section 1.1472-1(c)(1)(i)

E—A corporation that is a member of the same expanded affiliated group as a corporation described in Regulations section 1.1472-1(c)(1)(i)

F—A dealer in securities, commodities, or derivative financial instruments (including notional principal contracts, futures, forwards, and options) that is registered as such under the laws of the United States or any state

G—A real estate investment trust

H—A regulated investment company as defined in section 851 or an entity registered at all times during the tax year under the Investment Company Act of 1940

I—A common trust fund as defined in section 584(a)

J—A bank as defined in section 581

K—A broker

L—A trust exempt from tax under section 664 or described in section 4947(a)(1)

M—A tax exempt trust under a section 403(b) plan or section 457(g) plan

Note. You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns.

Line 6

Enter your city, state, and ZIP code.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see How to get a TIN below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see Limited Liability Company (LLC) on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can also get Form W-7 and SS-4 from the IRS by visiting FormsPubs.irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: *A payee who is a U.S. entity that has a foreign owner must use the appropriate Form W-9.*

READ THIS FIRST

Before you call and before you do the final examination, please read these instructions carefully. This will save time for you and us.

Your package should include a book that is divided into 7 chapters, an evaluation form, answer sheet and a 168 question test. If anything is missing, please call us so that we can send the missing item to you.

The phone number for faxing us your test is (661) 633 2119. The fax is on 24/7. You don't need to call us to let us know you are faxing your test. You don't need a cover page. You can also mail your test to us at the address above. Please either fax your test or mail it. Do not fax and mail your test to us, this will delay processing of your test. If you want to check with us to make sure we received your fax please call us 24 hours after faxing your test. Your fax will not appear on our system until after 24 hours. If you mail your test to us give us at least 5 days after mailing your test before calling us.

Use the enclosed materials to complete all parts of the test. Read all the answers before you question before deciding on the correct answer.

You need to correctly answer 70% to complete your course. Most students find that you don't try to complete it in one sitting. If you don't know the answer to a question and can't find the answer skip it and come back to it later. You may not pass this test just because you don't know the answer to a few questions. Read each question and all answers thoroughly before answering the questions. Take your time to complete the test and good luck!

RS485 Configuration and Wiring

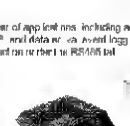
The COM1000 RS485 port is an unmodulated transparent interface designed to support any RS485 equipment. It supports both Full and Half Duplex communications so it can be used to interface a single device or a multi drop network of devices.

Applications

The COM1000 RS485 port can be configured to perform a number of applications including acting as a UDP or TCP device server or client data redirector, SMTP or FTP, and data encryption/logging. The choice of applications is established in the COM1000 Configuration Utility and can be changed at RS485 port.

TCP/UDP Servers

The most common use for the RS485 port is as a TCP or UDP device server. In this application the COM1000 provides the ability to reach RS485 connected devices of device networks from any remote IP host via a standard RAW TCP or UDP socket. Since the COM1000 is a transparent IP to serial bridge there are no limitations on the data protocol. Any ASCII or Binary stream will be passed seamlessly to the end device.



Communication Drivers

The COM1000 IP to serial application is a raw socket connection. Therefore there are no driver requirements to establish your connection. As long as your host end application has the ability to encapsulate the ASCII or binary data stream into a TCP or UDP packet, you will be able to make the connection. If your host end application does not have that ability, you may need to emulate the use of a serial to IP COM Port Redirector.

The purpose of the redirector is to make the virtual COM port exhibit behavior that closely resembles that of a "real" COM port i.e. a COM port driver for local serial port hardware. A virtual COM port itself is a relatively simple software mechanism that can be implemented as a driver software. A caller to both of these identical COM ports will see The redirector will by only some limitation of many (at least 256) virtual COM ports, and provide the ability to access one or more remote IP addresses or network server TCP/IP or UDP port. The point of research is remote device, the host application may be seen the identical communication interface whether the host application is running on a workstation, a remote machine, or even locally as an embedded.

There are a number of such applications on the market available from companies such as Serial IP from Tactical Software (www.tactcalsoftware.com) TCP COM from TalTech (www.taltech.com) and VSP from Hob Software (www.hobsoftware.com). Simple Com Tools also offers a similar application called Virtual COM UDP that can be Virtual Com Port to UDP redirector only (www.simplecomtools.com/vcomudp.html).

Port Configuration

The COM1000 is capable of supporting a variety of baud rate options ranging from 1200 – 115200 kbps. In addition, the 485 interface supports both full duplex and half duplex mode. By default, the COM1000's setup is in Half duplex mode. In order to support full duplex, the RS485 Mode register needs to be set. RS485Mode=1). See the RS485 command list for more details on configuring the 485 port options.

Wiring

The COM1000 RS485 interface uses 3 wires (COM, ON (GND), TX+/TX- and RX+ and RX- when used in full duplex mode) wiring should follow the specifications set forth by the equipment vendor. The RS485mode selection needs to be set to (1).

When used in half-duplex mode, the COM1000 will need to be wired TX+/RX+ and TX-/RX- terminals connected as shown in the diagram at right.

Dear Parent/Guardian

It's hard to believe the end of spring semester is almost upon us. Along with sun and flowers come final exams! Arizona State University, Tempe, along with the Residence Hall Association, is pleased to offer our care package program. Let your favorite student know how much you love and support him or her during one of the most stressful weeks in college life. As one student put it:

"I thought it was very caring for my mom to send me a care package. The food was really helpful, especially late at night for a college student with no money."

The ***Spring All-Nighter Deluxe Care Package*** is the *favorite* with Arizona State University, Tempe students. Our biggest and best care package, the ***Spring All-Nighter Deluxe*** features wholesome and high energy snacks. There are over 30 scrumptious treats in all – more than enough to last through finals!

Whether your student misses a meal, has the late night munchies, or is burning the midnight oil during study week, he or she will appreciate our *standard care packages* chock full of delicious healthy snacks, homemade and something to fit a sweet tooth craving. We also offer great *specialty care packages and gift baskets suited to the tastes of upperclassmen or off campus students*. And, we even offer several arrangements of fresh flowers delivered directly to your student.

The My Favorite Student program is a great way to let your student know you are thinking of them!

~ Roxanne Gleason, Parent

Choose from among dozens of packages offered, and we take care of the rest. Your student will receive a great care package, and together we will raise funds for on campus activities. This year, our goal is to achieve 100% family support for this student-led project.

Scan the QR code to browse our entire online store with your mobile device or go to **www.asutempe.myfavoritestudent.com** for fast, secure and convenient ordering. You can also choose to mail in your order using the form below, or just give us a call at (877) 244-5994. For timely delivery, please place orders by April 18, 2015.

Sincerely,

Luke Rathbun

Eskimo wanna-be

Craig@excel.UCF.Craig Dayoress)
Rock College Portland OR
(no cat, you like)

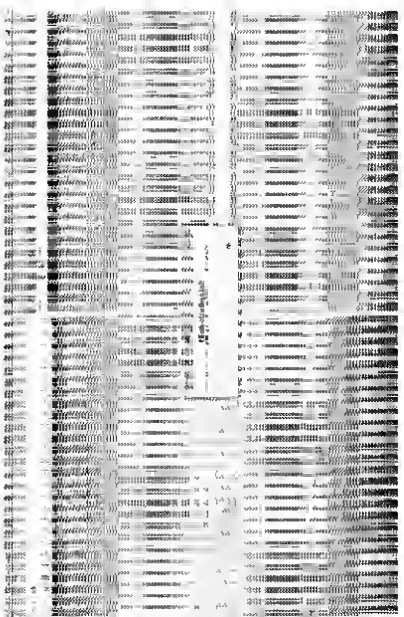
One night, two Eskimos are sitting in a bar in nowhere in Alaska when they are interested by a young man from the Mainland. The fellow has obviously been drinking. He slurs, "Hey ya know I've always admired you Eskimos. I REALLY like Eskimos. I've ALWAYS WANTED to be an Eskimo. Tell me how to BE an Eskimo, huh?"

The Eskimos wink at each other. One tells the guy, "Okay, to become an Eskimo, there are only three things that you have to do. First, you've got to drink a whole bottle of Yukon Jack at once. Then you've got to kill a polar bear with your bare hands, and finally, you have to make love to a Eskimo woman."

The guy takes it in. He cuts off three fingers to himself. Then he heads over to the bar and orders a bottle of Yukon Jack. Already drunk, he drinks the whole thing down. This has a bad effect on his balance. The fellow staggers out of the bar--muster up something like "Polar bear. Polar bear--

Several hours pass.

Finally, the door to the bar opens, and the drunk is back. He looks a frigit. His parka is ripped, one of his arms is dangling at a crazy angle, and he's got blood all over his face. He staggers over to the Eskimos and says, "ALL right. I've got the Yukon Jack. I've got the polar bear. Now WHERE'S THIS ESKIMO BITCH I'VE GOTTA KILL?"



Lemon Cheese Pie – A Treasured Southern Recipe

Author: Unknown Contributor

Mattie to Brenda Clay And she is thrilled when we decide to prepare the same old tasty Southern Cooking for the Farmer's Lemon Cheese Pie. This Fragrance Sure Brings Back Many Memories Recipe –

Ingredients:
2 cups sugar
4 tablespoons flour
1 tablespoon cornstarch
2 cups water
2 cups fresh lemon juice
2 tablespoons butter
1 teaspoon lemon zest
4 egg yolks
1 cup milk
1 tablespoon vanilla extract
1 pre-baked pie crust

Combine the sugar and eggs and beat well. Toss together the flour and cornmeal and add to the egg mixture. Gradually add the milk, butter, lemon juice and zest, mixing well. Pour into pie shell. Bake in a preheated oven at 375 degrees for 40 minutes or until the filling is set and the top is golden brown. Let cool before serving.

Health Calendar

March
Colorectal Cancer Awareness Month

THERE IS a reason that stores up incessantly when the subject is colorectal cancer. "Preventable treatable, beatable." There's hormone preventing this form of cancer has been tremendously successful, or, if it is detected, early enough, a good response to multiple-site surgical intervention.

Colorectal cancer, involving the colon or rectum, is second to lung cancer as a leading cause of cancer deaths. It is equally common in men and women. In 2010, more than 142,000 new cases were diagnosed in the U.S. while more than 51,000 people died from the disease.

The key to beating colorectal cancer is periodic screening, beginning before any symptoms appear. Age 50 is the starting point for those at average risk. Screening at greater risk need to start significantly earlier. Diagnostic tests include colonoscopy, flexible sigmoidoscopy and barium enema.

The goal of the testing is to discover or rule out the existence of colorectal polyps, growths that protrude from the lining of the rectal or cancer. The majority of these polyps never become cancer, but all cases of colorectal cancer start from a polyp.

Who is at risk?

- Men and women age 50 and older
- People who use tobacco, are obese or are sedentary
- Those with a family history of colorectal cancer, polyps or other types of bowel disease

What helps to reduce risk?

- Don't smoke.
- Don't drink alcohol excessively
- Be physically active and exercise regularly.
- Maintain a healthy weight.
- Eat a high-fiber diet rich in fruits, vegetables, nuts, beans and whole grains.
- Consume calcium-rich foods such as low-fat or skim milk.
- Limit red meat consumption and avoid processed meats.

Hope for the peanut challenged

PEANUT ALLERGY IS a common food allergy and one of the most dangerous. Some people can experience a severe reaction, or just a taste or amount of ground ingested by, dust in a supposedly peanut free food.

Parents have learned to be vigilant about their children and have outfitted a peanut allergic son usually carrying an EpiPen to deliver life-saving epinephrine to stave off anaphylactic shock, a sometimes fatal extreme reaction to an allergen.

With the incidence of peanut allergies in children doubling over the last 10 years, peanut and other common food allergies are receiving more scrutiny through research efforts supported by the National Institutes of Health and carried out by the Consortium of Food Allergy Research. Originally established in 2005, the consortium recently received funding for another five years of studies, with several clinical trials under way at major medical centers.

The peanut is well represented in research so far, and results from work with children at Duke University Medical Center are encouraging. Oral immunotherapy a system method of desensitization to peanuts by gradually ingesting larger doses of peanut protein was a breakthrough. By the fourth month a daily regimen, a child previously allergic to peanuts should be able to eat a full serving of them without incident. Ongoing exposure to peanuts is necessary to maintain this desensitization, all under medical supervision.

Through the treatment has not yet been approved by the Food and Drug Administration what Duke and other centers are learning about peanut and oral immunotherapy will likely change the management of many other food allergies.

Writing the Summary

When writing the summary there are three main requirements.

1. The summary should cover the original as a whole.
2. The material should be presented in a neutral fashion
3. The summary should be a condensed version of the material presented in your own words

* * Also do not include anything that does not appear in the original. (Do not include your own comments or evaluation)
and
Be sure to identify your source

For example

In his paper "Global Implications of Patent Law Variation," Koji Suzuki (1991) states that lack of consistency in the world's patent laws is a serious problem. In most of the world patent ownership is given to the inventor that is first to file for a patent However the United States maintains a first to invent policy In view of this patent ownership can change depending on the country Multiple patent ownership can result in economic problems however most striking is the international tension it causes The fact that the United States does not recognize patent ownership in other countries, in violation of the Paris Convention on Industrial Properties, has prompted the World Intellectual Properties Organization (WIPO) to push the United States to review its existing patent law principles.

Test fax from Circuit ID

Posted: Wed Sep 30, 2009 5:50 pm Post subject: Correct Setup To Fax from Computer

Hello Everyone

I wanted to write this because after searching the forum for how to fax with my new magic jack everyone tells you " its simple" "Just plug it in", Voip faxing is no good" ect... So after figuring it out I decided to write the correct steps. Why pay for a fax service when you can fax for free right from windows fax console like I have always done unlimited send and receive.

1. If you do not have windows fax console installed do that first. If you dont know how go here:
http://support.microsoft.com/kb/306550
If you dont have your windows cd for the files that are needed go here and download it
http://www.dllcube.com
and complelete the setup process, cover sheet and stuff. Oh yeah and just use the default modem

2. Click on start, control panel, phones and modems. Once the box pops up click on the "modems" tab. The default modem should already be highlighted if not highlight it and then click properties at the bottom

3. Now for the missing step that nobody in form is telling peeps. When the new box pops up click on the modem tab. Change the "Maximum Port Speed" to 4800. Most important under "Dial Control" uncheck the box that says "Wait for dial tone."

4. Plug in for the Magic Jack, just incase you dont know, should be into the modem and then the MJ. Yes it looks weird since my MJ usb port is right next the the modem on my laptop, so just get a short phone card and plug them in

5. Go to your MJ software interface and click on "Menu" then click on "Switch to headset" if it does not say that but says switch to phone, leave. Hotline

6. Go to microsoft word or a pdf file and click print. Select the "fax" printer not your normal printer, she just follow the prompts that come after that, also if you have your speakers, souhd turned on you will hear a familiar sound. Test your fax here

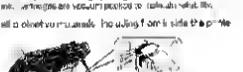
1 Unpack

Power cord (shape varies by country)

Caution: Do not open ink cartridge packages or you are ready to install them. Cartridges are vacuum packed to maintain their reliability.

Remove all protective materials, including tape and the protective film on the control panel.



2 Turn on

1 Connect the power cord to the back of the printer and to an electrical outlet.

Caution: Do not connect to your computer yet.

2 Press the ⏻ (power) button.

3 Select settings

1 To select English as your language, press **OK**.

If you want to select a language, press ▲ or ▼ to select it, then press **OK**.

2 Select your local region as needed, press **OK**.

3 Select Summer Daylight Saving Time or not, if necessary, select Winter, Press **OK**.

4 Select the date format and press **OK**.

5 Press the numeric keys to enter the date and press **OK**.

6 Select the time format, 12h or 24h, and press **OK**.

7 Press the numeric keys to enter the time. Then press ▲ or ▼ to select AM or PM, if necessary.

8 Press **OK**.

Note: You can change the date and time settings using the menu. See your User's Guide for more information.

4 Install ink cartridges

1 Open the scanner unit.

2 Shake the ink cartridges gently four times, then unpack them.

Caution: Don't touch the green chip or small window on any cartridge.

3 Remove only the yellow tape from each cartridge.

Caution: Don't remove any other seals or the cartridges may leak.

Fax Hardware Test — **PASS**
Fax Connected to Active Telephone Wall Jack — **FAIL**

An active phone line was not detected

Please check the items below then rerun this test

Check the phone cord connection between the wall jack and the fax

The phone cord from the wall jack should be connected to the port labeled "1-LINE" on the back of your HP device

If you are using a splitter or some other device between the fax and the wall jack, remove it and connect the fax directly to the wall jack

Plug your phone into the wall jack and check that a dial tone is available

Check that you are using the phone cord supplied with your HP device

Refer to your User Guide for more information on the fax test and settings

Instructions on how to rerun this test
Step 1. Press the "Setup" button
Step 2. Choose the "Tools" menu
Step 3. Choose the "Run Fax Test" item

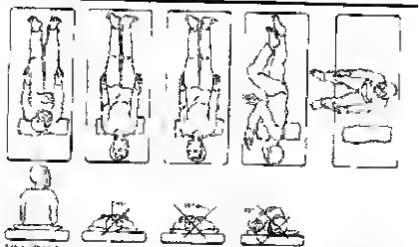
Modified Epley's maneuver for self-treatment of benign positional vertigo (right)



Start sitting with a pillow behind you. Turn head 45 degrees to the right. Keep it there throughout the entire maneuver.
Lie back quickly with shoulders on the pillow and head hanging over the edge. Keep head turned to the right. Wait 30 seconds.
Turn your head 90 degrees to the left (without lifting it). Wait 30 seconds.
Turn your body and head 90 degrees to the left. Look toward the floor.
Sit up. Look straight ahead.

This maneuver should be carried out three times a day. Repeat this daily until you are free from positional vertigo for 24 hours.

...K — Migrating from SQL Server 2005 to SQL Server 2008 in RightFax 10.8

RightFax
[Opened: To be Verified - 8.4 - 10.0 - 10.5]

This knowledge base article describes how to migrate a RightFax database from Microsoft SQL Server 2005 to SQL Server 2008 for RightFax 10.8.

Prerequisites

	On any computer with access to SQL Server Install SQL Management Studio. If needed, a free version can be downloaded from the Microsoft website. Search for "SQL Management Studio Express" in the Microsoft Download Center.
SQL Management Studio (Express)	Make sure that the version matches the SQL to which you are upgrading. In other words, if you are moving a database from SQL 2005 to SQL 2008, Install Management Studio for SQL 2008.
	By default, SQL Express disables remote connections. To enable remote access, follow Microsoft article 914277 How to Configure SQL Server 2005/2008 to Allow Remote Connections
RightFax Services	Before following this process, stop all RightFax services to prevent faxes from being backed up. When the process is done, restart all RightFax services. This process should take 10 to 20 minutes, depending on the size of your RightFax database and the performance of your SQL Servers.
Firewall	If SQL Server 2008 is remote, verify that UDP port 1434 is open in the Windows firewall. By default, SQL uses UDP port 1434. For documentation on opening ports in the Windows Firewall, see the Microsoft documentation.

Migrating a RightFax Database from SQL 2005 to SQL 2008

On SQL Server 2008:

1. Open SQL Management Studio, and log on.

2. Expand the drawers.

3. Right-click the RightFax database, and select Tasks > Back Up.

Windows® Fax and Scan

One place to scan and fax your documents

FAX: You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN: After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

10 commandments for a smooth trip

We travel lovers of a certain age and experience already know most of the rules.

Pack light — you likely won't need that footy blouse or any of the family jewels anywhere, but don't forget the sunscreen and passport.

But here are our "10 travel Commandments for Seniors Who Want a Trip to Remember (In a Good Way, of Course)."

1 Thou shalt study up before you go. For starters, read everything you can put your hands on about your destination. It will advance the trip and if you know something about the culture, history, and food you will encounter (It saves a little money, go to a used bookstore and look for a fairly recent travel guide, a historical novel focusing on your destination and a nonfiction book exploring social issues and culture.

Visit local ethnic museums or cafes, not just for information, but to get you in the mood for the big trip.

And if you need a visa, you'll want to start the process early. It took several weeks for us to get a visa for a trip to western China. We had to send our passport to the visa office here in the United States and wait for officialdom to staple a visa inside and send it back to us.

2 Thou shalt head what you read. A fellow safari-goer on a trip to Africa a few years ago thought the guidebook was just kidding when it said to wear lighter colors on safari because the tsetse flies are attracted to black. You could see the flies dancing on the back of her black sweater everywhere we went. That's why you see photos of the good explorers wearing khaki outfits.

3 Thou shalt find a good travel clinic doctor not your own doctor several weeks (preferably sooner) before your trip to update your vaccinations and meds. Some countries won't let you in if you don't have an International Certificate of Vaccination or Prophylaxis saying you have and the proper shots.

The U.S. Centers for Disease Control (http://wwwnc.cdc.gov/travel/) has lists of the International Society of Travel Medicine and the American Society of Tropical Medicine and Hygiene, both of which list clinics in the Philadelphia area.

4. Thou shalt increase the efforts at exercise, ASAP. You won't enjoy a mountain walk on a trip if you don't walk around the block at a time at home. And possibly investing in your body now so you'll know your limits on the trip.

5. Thou shalt make a list early on of all the [illegible]

When traveling abroad, it's good to connect with local people — a tourist office or taxi driver may help. Above: A U.S. visitor to Tanzania greets a Masai boy. ©Getty Images

comes in handy when we get lost in a strange city with few street signs. You'll probably be glad you took a flashlight for getting up at night, and energy bars fill the gap in case you have to go too many hours between real meals.

6 Thou shalt put copies of prescription medications, doctors' phone numbers, and health-insurance information in the photocopies of your passport and credit cards that you already know to pack. Put one copy of all that in your suitcase, give one to someone you're traveling with and leave one in a conspicuous place at home where a friend or family member can find it. In case you lose the ones you took with you.

We always take a phrasebook and with us to help communicate. If not in their own language that even in simple English. Phrase for Italy, written by a friend who speaks the language, reads: "I am allergic to medicine. If I eat it I will die."

That's a little dramatic, to say the least, but it got their attention.

To get some realities, we simultaneously on [illegible] many languages and information about how to avoid money troubles in foreign lands.

7. Thou shalt decide early in the planning process how you want to communicate [illegible]

But you may want to look online for companies that will help you connect via e-mail or cellphone saving money.

8. Thou shalt contrive to connect with the locals once you get there. We often arrange in advance for a guide through a country's tourism office. Or you can hire a taxi for an afternoon of sightseeing. Chatting up locals in coffee shops and cafes can yield up-to-date tips on local festivities that may not show up in the guidebooks.

9. If driving thou shalt not drive yourself drive trying to find your hotel in a foreign city. Instead, hail a taxi and have the driver lead you to your hotel. It's worth the money to avoid the fuss [illegible] stress.

10. Thou shalt be environmentally savvy and legally sane wherever you travel. That means don't pollute the streets in China. With your cameras, papers any more than you would at home. And don't take chances with illegal substances. We're planning a trip to Morocco, and, while the guidebook says hashish is not just tolerated in many cities, it also says it's illegal.

"Don't pull

YANKEE SWAP

The rules for Yankee swap are:

1) All gifts will be placed in one spot. Then, each participant randomly picks a number from a box that contains pieces of papers with numbers from 1 to the total number of participants.

2) The participant who picked the number 1 from the box first chooses and opens the gift he/she would like from the pool of gifts. The first participant should also show the gift to everyone, so that everyone has a chance to see what the gift is.

3) The participant who picked the number 2 from the box goes next and chooses the gift from the pool of gifts. Like the first participant, the second participant should also open and show the gift to everyone. However, the second participant has an option of either keeping the gift he/she just opened or swapping it with the gift of the first participant.

4) Next, the third participant chooses, opens, and shows a gift from the pool. The third participant now has an option of either keeping the gift that he/she selected from the pool or swapping it with any of the prior participant's gifts.

5) The swap goes on until the last participant had a chance to select and swap the gift with anyone prior to him/her. Then, the Yankee Swap ends by having the first participant, who chose a gift but did not have a chance to swap it with anyone, get the last chance to swap gifts with any one of the participants.

Good Luck !!!

§753. Factors to be considered concerning a previous criminal conviction; presumption

(1) In making a determination pursuant to section seven hundred fifty-two of this chapter, the public agency or private employer shall consider the following factors

(a) The public policy of this state, as expressed in this act, to encourage the licensure and employment of persons previously convicted of one or more criminal offenses.

(b) The specific duties and responsibilities necessarily related to the license or employment sought or held by the person

(c) The bearing, if any, the criminal offense or offenses for which the person was previously convicted will have on his fitness or ability to perform one or more such duties or responsibilities.

(d) The time which has elapsed since the occurrence of the criminal offense or offenses

(e) The age of the person at the time of occurrence of the criminal offense or offenses

(f) The seriousness of the offense or offenses

(g) Any information produced by the person, or produced on his behalf, in regard to his rehabilitation and good conduct

(h) The legitimate interest of the public agency or private employer in protecting property, and the safety and welfare of specific individuals or the general public

(2) In making a determination pursuant to section seven hundred fifty-two of this chapter, the public agency or private employer shall also give consideration to a certificate of relief from disabilities or a certificate of good conduct issued to the applicant with respect to such conviction, which certificate shall create a presumption of rehabilitation in regard to the offense or offenses specified therein.

§754. Written statement upon denial of license or employment. At the request of any person previously convicted of one or more criminal offenses who has been denied a license or employment by a public agency or private employer, such public agency or private employer shall provide within thirty days of such request, a written statement setting forth the reasons for such denial.

§755. Enforcement.

(1) In addition to actions by public agencies, the provisions of this article shall be enforceable by a proceeding brought pursuant to article seventy-eight of the civil practice law and rules.

(2) In addition to actions by private employers, the provisions of this article shall be enforceable by the division of human rights pursuant to the powers and procedures set forth in article fifteen of the executive law, and, concurrently, by the New York city commission on human rights.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Hello

To connect two computers via crossed serial cable (Null modem) other Unixes have the tip and cu command. I learned that for Linux cu also exists but I can't find it in Arch repositories. I also looked for an uucp package (like with RedHat) but this doesn't exist either. So what package do I have to install?

BTW: Is there a HowTo for Null modems in Arch Wiki? Couldn't find any.

Herbert A Millington

Chair - Search Committee

412A Clarkson Hall, Whitson University

College Hill, MA 34109

Dear Professor Millington

Thank you for your letter of March 15 After careful consideration, I regret to inform you that I am unable to accept your refusal to offer me an assistant professor position in your department

This year I have been particularly fortunate in receiving an unusually large number of rejection letters With such a varied and promising field of candidates it is impossible for me to accept all refusals

Despite Whitson's outstanding qualifications and previous experience in rejecting applicants, I find that your rejection does not meet my needs at this time Therefore, I will assume the position of assistant professor in your department this August I look forward to seeing you then

Best of luck in rejecting future applicants

Sincerely

Chris L Jensen

This is a test fax sent by GFI FaxMaker.

This is a test fax sent by GFI FaxMaker.

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855 330-1239 (a toll free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test

HAL.DLL is Missing – Updated by MVP Alex Nichol

Option 1

Boot from your CD and follow the directions to start Recovery Console. If you cannot get into recovery console seek the advice of a professional.

Click here for easy Data Recovery options

Then

Attrib -H -R -S C:\boot.ini
DEL C:\boot.ini
BootCfg /Rebuild
Fixboot

Option 2

Boot from your CD and follow the directions below to start Recovery Console

Insert the Setup compact disc (CD) and restart the computer. If prompted, select any options required to boot from the CD.
When the text-based part of Setup begins, follow the prompts: choose the repair or recover option by pressing R.

If you have a dual-boot or multiple-boot system, choose the installation that you need to access from the Recovery Console.
When prompted, type the Administrator password. (if you didn't create one try pressing enter)

At the system prompt, type Recovery Console commands; type help for a list of commands, or help *commandname* for help on a specific command.

Most likely you will need to expand the file from the CD. The command would be expand d:\i386\hal.dl_ c:\windows\system32\hal.dll. Substitute d: for the drive letter of your CD. Once you have expanded the file type "exit" to exit the Recovery Console and restart the computer.

TIP: Recovering Windows XP using the Recovery Console

Update:

Shane Gray (3/2005) states:

Let me review my experiences / problem with hal.DLL with you all.

I Received a computer with win XP home sp2 that after uninstalling IMLs, and installing IMLs, and rebooting. (IML being Imesh light)
Computer displayed windows\system32\hal.dll is missing or corrupt. please re-install.

IT'S NOT ROCKET SCIENCE FOLKS!:
Have you ever had customers who wanted or needed your products and services, but just couldn't swing the credit or didn't have enough cash to pay in full at the time of sale? What do you do with those customers? Right! You lose the sale! Wouldn't you rather make the sale today, collect 15%, 25% or 50% now and the rest within the next 30, 60 or 90 days where YOU decide the terms with your customer? If you said, "Yes", then EPS90 is the program for you! If you said, "No", stop right here and click the "X" at the top right hand corner of the page and thanks for visiting!:O)

ELECTCHECK PLUS & CHECK 21:
EPS90 electronically converts a series of post-dated checks into automatic debits (ACH) and guarantees the payments to the merchant by following simple guidelines.*

CHECK 21 LAW

ElectCheck was established in 1993 and for over 16 years numerous innovative payment solutions have been developed to help business owners and consumers. The Check 21 Law was passed in 2004 to allow personal checks to be converted electronically into a ACH debits

To Whom It May Concern:

I have been working with Kelly Legrow for over 2 years. She as you know was originally functioning as personal care maintenance, then graduated to resident aide coordinator and now is acting administrator.

I have always known her to pay close attention to details. It is these details that make a difference between good patient care and not good patient care. The difference between good outcomes and not good outcomes. Not everyone pays attention to these details but Kelly does. I've noticed that as acting administrator she has the ability to accomplish many activities and tasks efficiently and still has the ability to care about her clients or patients.

We interact frequently with regards to communications between my services given in the office and services given by various agencies, primarily Hospice. We also communicate frequently between patients who have been admitted to Massena Hospital under my care and discharged back to home care. The difficulty is phone. She again is excellent at all transitions regarding managing care, patients and staff, in my opinion.

In addition she is very pleasant and easy to work with. I think she is very intelligent, honest and a hard worker. My staff agrees and we have found working for patient's Kelly have under her leadership and direction to be rewarding and easy. These patients can be very challenging, but I might be worn somewhat down from work, with such simple and calm direction such as Kelly these demands, honestly, would be less severe for me and my staff.

She is indeed an asset to Voorheesville and I recommend her at the post she seeks as administrator. I have no reservations in making this recommendation.

Sincerely,

John S. Burnett, MD

Welcome To RestComm!

Design and Create a Senior Care Database- You are the owner of a company, Senior Care, which provides nonmedical services to older adults who need assistance with daily living. Helpers will drive individuals to appointments, do the grocery shopping, fill prescriptions, help with personal care, and provide companionship. Each client is assigned to a single helper, but each helper may be assigned many clients. The other owners have asked you to create a database of clients and helpers. Design and create a database to meet Senior Care needs. Then create the necessary tables and enter the data into the tables. Create a client report that lists each client's client number, client last name, client first name, balance, and helper number.

Querying the Senior Care Database Professional- Use the Senior Care database you created to create queries for the following:

a. Find the first name, last name, and address of all clients whose street name begins with the letter U.

b. Find the client number, last name, first name, balance, and amount paid for all clients whose balance is $0.00 or whose amount paid is $ 0.00.

c. Find the total of the balance and amount paid amounts for each client. Show the client number, client last name, client first name, and total amount. Sort the results in descending order by total.

d. Find the helper for each client. List the helper number, helper last name, helper first name, client number, client last name, and client first name. Sort the results in ascending order by helper number and client number.

e. Export the query created in Step d as a text file.

f. Find the highest and lowest balances.

Create the Forms and Reports- You can come up with the specification of what to include in the forms and reports.

Example: Create a report for the query created in Step d. Include all fields except the helper first name in the report. Create a form for the query created in Step d.

Network Time Protocol (Version 1)
Specification and Implementation

Status of this Memo

This Memo describes the Network Time Protocol (NTP), specifies its formal structure and summarizes information useful for its implementation. NTP provides the mechanisms to synchronize time and coordinate time distribution in a large, diverse internet operating at rates from minutes to lightwave. It uses a store-and-forward design in which a distributed subnet of time servers operating in a self-organizing, hierarchical master-slave configuration synchronizes logical clocks within the subnet and to national time standards via wire or radio. The servers can also redistribute reference time via local routing algorithms and time daemons.

The NTP architecture, algorithms and protocols which have evolved over several years of implementation and refinement are described in this document. The prototype system, which has been in regular operation in the Internet for the last two years, is described in an Appendix along with performance data which shows that timekeeping accuracy throughout most portions of the Internet can be ordinarily maintained to within a few tens of milliseconds, even in cases of failure or disruption of clocks, time servers or nets. This is a Draft Standard for an Elective protocol. Distribution of this memo is unlimited.

SUBMITTING YOUR CLAIM & PREPARING YOUR CLAIM FORM

- Retain copies for your files. Claim information cannot be returned.
- Do not highlight or otherwise mark the form or enclosed documentation. Highlighting and other marks make scanned and faxed documents difficult to read.

SECTION 1 Employee Information

FSA Identification Number As a participant with the FSA, you have been assigned a unique participant number. Your FSA ID Number is a 9 digit number preceded with a "W". If you do not know your W#, you can locate it from any one of the following sources:

- Explanation of Payment (EOP). Paper EOPs always display your W# Activity statement – As an Aetna FSA participant you may receive an activity statement at least once a year. Refer to this statement for your W#.
- Aetna Medical ID Card – If you have Aetna medical coverage, the W# is displayed on your ID card to use you used for your FSA.
- Member Services. Call FSA Member Services to inquire about your W#.

NOTE. If you prefer, you can use your Social Security Number in this field.

Employee's Address Report an address change to your employer. To avoid misdirected claim payments, your employer must notify Aetna of your new address.

SECTION 2 Employer Information

FSA Control Number Your employer has been assigned a unique FSA plan number. If this form does not have that number pre-printed, you can locate this number from any one of the sources (with the exception of the Aetna Medical ID card) listed above in Section 1.

SECTION 3 Expense Information

List and separate care costs by individual/family members. Attach **all the appropriate** documentation for each claim.

Note: A canceled check is not adequate documentation.

If you have insurance that covers part of this expense or your insurance does not cover this expense at all:

Submit the Explanation of Benefits (EOB) with your completed claim form. *You do not need to submit any other documentation with the POB.*

NOTE. Any third party documentation if an explains insurance has not yet paid (e.g., pre-treatment estimate) will be returned to you. You will need to resubmit the claim once you have received a final EOB. The EOB must show that the insurance has paid its portion of the claim.

For an Rx claim, or if you do not have insurance:

Submit the itemized receipt or statement form the doctor/dentist/pharmacy although care professionals. The itemized receipt or statement must include:

- **Name** & address of doctor/dentist/pharmacist/healthcare professional
- **Patient's name**
- **Date(s) of service**
- **Type of service**
- **Dollar amount charged**

NOTE. Receipt from doctor/dentist/pharmacist must clearly document patient's financial responsibility.

SECTION 4 Orthodontia Expenses

For Orthodontia claims, please follow these guidelines.

- When submitting your final orthodontic claim, you must submit the orthodontia contract from the orthodontist along with a Flexible Spending Account Health Care Reimbursement form. This contract must indicate: **total fee charged, estimated insurance payment, total start date, duration of treatment,** and proof partial or full down payment.
- For each monthly request for reimbursement, you must submit a completed and signed claim form with an itemized bill/statement or receipt from the

TEST

F.H.V.

Q: What should I know about an FHA refinance?

A: FHA refinance loans are available for rate and term refinancing or cash out refinancing. In addition, you may refinance a conventional loan to a FHA loan. For qualifying homeowners, FHA loans generally have several advantages, including:

- Equity requirements as low as 2.25% (rate and term refinances only)
- May qualify for a loan less than two years after the date of discharge of a bankruptcy (Chapter 7)*
- May qualify for a loan three years after the date of a foreclosure*

*Waiting time periods may be reduced under certain circumstances, such as extenuating circumstances.

Q: What eligibility requirements are there?

A: To be eligible for an FHA refinance with Discover Home Loans:

- Loan must be secured by a one- or two-unit property occupied as your primary residence
- Your monthly housing costs (mortgage principal and interest, property taxes and new, new) should generally not exceed 31% of your gross monthly income
- Your monthly housing costs plus all additional monthly debt should generally not exceed 43% of your gross monthly income
- Your loan amount must not exceed your county loan limits as established by the FHA. Contact one of our Dedicated Mortgage Bankers to determine what county loan limits are applicable to your specific situation
- You do not need to be a U.S. citizen, though additional requirements apply to non-citizens.

If applicable, you have been discharged from a Chapter 7 bankruptcy for two years or more or if you are in a Chapter 13 bankruptcy, you have made all court-approved payments on time and as agreed for at least one year. Additional requirements apply. Contact one of our Dedicated Mortgage Bankers about your specific situation.

Q: When is refinancing a good idea?

A: If you can reduce your current interest rate, you'll cut your monthly payments and may reduce the amount of interest you pay over the life of your loan depending on the term of your new loan. Moving from a 30-year term to a shorter term mortgage can help you pay off your loan sooner while achieving a fixed rate and viable rate to a fixed rate mortgage will stabilize your payments. Or, if you need money to pay down high-interest bills or make major purchases, a cash-out refinance can help you do that.

Please call one of our Dedicated Mortgage Bankers at 1-800-270-3891 with questions or for more information.

Sheet 2 June 2012

There are only 3 numbers you need to know in Diabetes. They are 110, 140 and 6.5.

If your readings are above these numbers, it is too high, and you are damaging your body.

Diabetes = a numbers game. If you keep your numbers [illegible]

110 is a fasting glucose level, teh ch are before meals and bedtime

140 is the glucose level two hours after any meal. This means 2 hours after you sit down to start the meal.

6.5 is the Glycohemoglobin or Hemoglobin A1C which shows if the [illegible] every three months.

If your readings are above these levels you must ask these questions

1 What did I eat the meal before? You must think of Carbohydrates simple and complex. If you identify a food that is a problem you must change it. Try to eat low glycemic index foods.

2 Did I exercise? You can go for a walk an hour after you eat to keep the two hour read nge down.

3 Did I take my medication?

If you can't get you sugars below these numbers by diet and exercise. I will change your medication to get your numbers controlled

Notes: There are seven different times in the day you can take your blood sugar read nge. Take your blood sugar readings four a day but you must vary the times. At the end of the week you should have checked all the times at least twice in a week.

If you don't check all 7 times you may have elevated sugar and not know they are high. You can then have an elevated Glycohemoglobin level, which means you are damaging your body.

If the numbers are not good you injure your eyes, kidneys and feet, and die of a heart attack or stroke. Other important numbers are blood pressure below 130/80 and LDL Cholesterol below 100

TEST

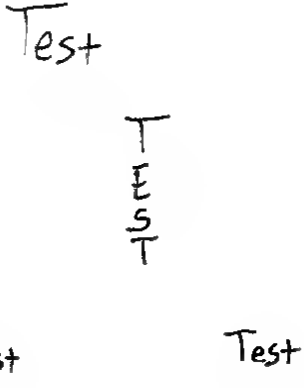
This is a test to see if my fax machine is working properly. This is only a test, no one need panic or start a riot. Unless you are just in the mood for that sort of thing. However law enforcement officials do not look favorably on the riot stuff so that is probably not a very good idea. I am running out of things to type, so that is it.



add your last number to the block list.

Guinness World Records® for Fastest Desk Printer Series, April 2012. Based on HP 70ppm and 55ppm models. Details at guinnessworldrecords.com. Award submitted and verified by Measurement Labs. Tests conducted Oct 2011 using HP Officejet Pro printers and supplies. Only color printers with a retail price under $1,000 at time of submission. Competitive printers selected usually available lower retail price. Speeds vary based on document, software, and network configuration. Actual speeds may be lower. See www.hp.com/go/printerclaims for more info.

Based on HP's 2-year cost of ownership comparison of HP Officejet Pro X451dw and X551dw printers versus color laser printers in their respective classes. Cost of ownership includes hardware, supplies, energy consumption, and service and support costs. Supplies cost based on HP's estimated printing of 4,500 pages per month. Actual costs may vary. For more information, see www.hp.com/go/printerclaims. Not included: paper or sheet feeder options.

Deductions and Adjustments Worksheet

Note. Use this worksheet only if you plan to itemize deductions or claim certain credits or adjustments to income.

1 Enter an estimate of your 2015 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 10% (7.5% if either you or your spouse was born before January 2, 1950) of your income, and miscellaneous deductions. For 2015, you may have to reduce your itemized deductions if your income is over $309,900 and you are married filing jointly or are a qualifying widow(er), $284,050 if you are head of household, $258,250 if you are single and not head of household or a qualifying widow(er), or $154,950 if you are married filing separately. See Pub. 505 for details . . . . . 1 $

2 Enter: { $12,600 if married filing jointly or qualifying widow(er) / $9,250 if head of household / $6,300 if single or married filing separately } 2 $

3 Subtract line 2 from line 1. If zero or less, enter "-0-" . . . . . 3 $

4 Enter an estimate of your 2015 adjustments to income and any additional expected deduction (see Pub. 505) . . . . . 4 $

5 Add lines 3 and 4 and enter the total. Include any amount for credits from the *Converting Credits to Withholding Allowances for 2015 Form W-4* worksheet in Pub. 505 . . . . . 5 $

6 Enter an estimate of your 2015 nonwage income (such as dividends or interest) . . . . . 6 $

7 Subtract line 6 from line 5. If zero or less, enter "-0-" . . . . . 7 $

8 Divide the amount on line 7 by $4,000 and enter the result here. Drop any fraction 8

9 Enter the number from the **Personal Allowances Worksheet**, line H, page 1 9

10 **Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earners/Multiple Jobs Worksheet**, also leave this total on line 1 below. Otherwise, stop here and enter this total on Form W-4, line 5, page 1 10

Two-Earners/Multiple Jobs Worksheet (See *Two earners or multiple jobs* on page 1.)

Note. Use this worksheet only if the instructions under line H on page 1 direct you here.

1 Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**) 1

2 Find the number in **Table 1** below that applies to the **LOWEST** paying job and enter it here. However, if you are married filing jointly and wages from the highest paying job are $65,000 or less, do not enter more than "1" 2

3 If line 1 is more than or equal to line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "-0-") and on Form W-4, line 5, page 1. Do not use the rest of this worksheet 3

Income. If the 1 at least, from line 2, enter "-0-" on Form W-4, line 5, page 1. Complete lines 4 through 9 below to figure the additional withholding amount necessary to avoid a year-end tax bill.

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 Subtract line 5 from line 4 6

7 Find the amount in **Table 2** below that applies to the HIGHEST paying job and enter it here . . . . . 7 $

8 **Multiply** the 7 by the 6 and enter the result here. This is the additional annual withholding needed . . . . . 8 $

9 Divide the 8 by the number of pay periods remaining in 2015. For example, divide by 26 if you are paid every two weeks, and you complete this form on a date in January when there are 26 pay periods remaining in 2015. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. Internal Revenue Code sections 3402(f)(2) and 6109 and their regulations require you to provide this information; your employer uses it to determine your federal income tax withholding. Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances; providing fraudulent information may subject you to penalties. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation; to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their tax laws; and to the Department of Health and Human Services for use in the National Directory of New Hires. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The average time and expenses required to complete and file this form will vary depending on individual circumstances. For estimated averages, see the instructions for your income tax return.

If you have suggestions for making this form simpler, we would be happy to hear from you. See the instructions for your income tax return.

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fifteth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Imprimatur
Most Rev. George W. Ahr
Bishop of Trenton
